Big expansion of port storage units

By GARY SCHNEIDER
Press-Record Staff Writer
A major expansion of the liquid terminal facilities at the Tri-City Regional Port was announced today by port officials.

Seek 2 escapees

Two prisoners originally from Granite City and a third inmate being held on an armed robbery charge and as an escapee from West Virginia chiseled their way out of the Madison County Jail at Edwardsville shortly before 10 p.m. Friday.

Two men whose description matched those of the escapees held up and robbed a Yellow Cab Co. driver at 4 a.m. Saturday in University City, Mo., taking about \$40 from the man, deputies reported.

A deputy said the breakout was achieved by working loose a steel plate in their cell wall and chiseling through a brick rear wall at the jail. The trio slid through the one-by-two-foot opening and dropped about 12 feet to the ground.

Nichols was a bricklayer by trade, deputies said. He had a West Virginia penal farm. Taylor was recaptured.

(Continued on Page 10)

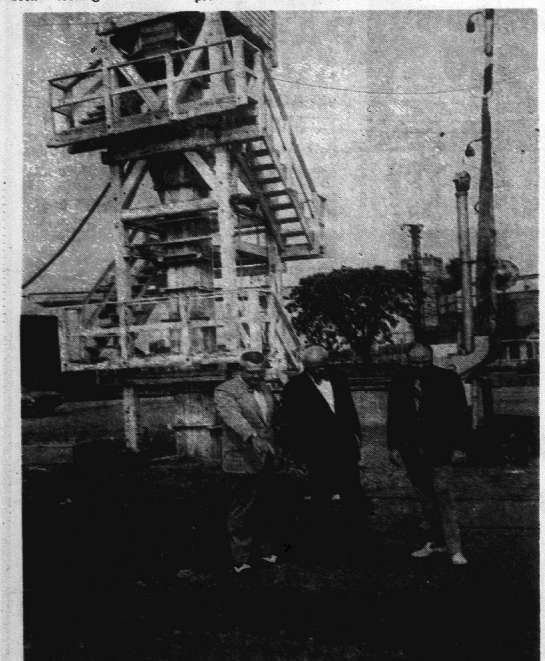

New mall meeting

Problems which may result in further delays in accomplishment of the proposed downtown Mall project will be discussed in a meeting with the Chamber of Commerce committee supporting the project.

Mayor Paul Schuler said today. Schuler said he expects to arrange a meeting with the committee later this week to explain problems encountered by Casper Nighossian, special city attorney, who has been looking into the

availability of prospective bond purchasers. The mall construction would be financed by sale of \$250,000 in special assessment bonds.

The mayor said the city has been unable to obtain a legal opinion favoring the bond issue from Chapman & Cutler, Chicago bond authorities, because of additional information required by the bond attorneys.

ROUGH RAIL CROSSING on 20th Street is inspected by Harry Stern, center, railroad utility engineer of the Illinois Commerce Commission, during a tour Thursday requested by city officials and area legislators. Accompanying Stern in his inspection of rail crossings were Granite City Mayor Paul Schuler, left, and State Rep. Horace Calvo (D-Granite City), right. The ICC has been asked to order the railroads to repair the crossings. (Press-Record Photo)

operated the present liquid terminal facility at the port since 1964. National Marine maintained a 3,500,000 gallon storage tank here. Apex has begun work on two additional 6,300,000 gallon tanks which will increase storage ability here to 15,900,000 gallons and boost substantially the port's ability to serve the need of liquid products by industry.

The Chicago Bridge & Iron Co. has begun construction work, but the contract for the lease was not signed until Saturday morning. About 25 construction workers were on the site today.

The present building program was described as the first phase of a multi-phase building program if other clients are found in this area.

The new tanks will hold fuel oil for several local industries, including Granite City Steel Co., it was announced.

Plans for expansion of grain handling capabilities at the port apparently have been halted temporarily, a port spokesman said today.

Archer Daniels Midland Co. of Decatur had announced tentative plans to construct a new barge-loading elevator at the port but now has indicated it has halted planning pending the completion of a soybean processing plant on Cargill Road.

DEATH TRAP for Ruth Rasic, 29, of Fairview Heights; this car which she was driving and a tractor-truck collided at Edwardsville Road and McCambridge Avenue Sunday evening. Madison firemen had to free

her body from the wreckage. Examining the car are Madison Patrolman Thomas Voloski, front, and Andy Economy, co-owner of Lee and Andy's Towing Service, who helped in the clean-up operation. (Press-Record Photo)

News notes

Stagg Sandburg, Lombard and Lake Zurich.

John Schroeder won the U. S. Professional match play golf championship at Cary, N. C., defeating Dewitt Weaver, Lee Trevino and Tom Weiskopf.

Jim Bakken of the St. Louis football Cardinals kicked a 54-yard field goal with one second remaining on the clock to give the Cardinals a 13-10 victory over the New York Jets in Saturday night's Cardinal Glennon Hospital benefit game at Busch Stadium.

The veteran field goal kicker missed a 41-yard shot with one minute of playing time remaining and the score tied 10-10. The game-winning kick was the longest kick of his career. A total of 4,000 viewed the benefit match.

State Rep. Leonard Kennedy was presented a certificate of appreciation from the regional National Organization for Women (NOW) at the Madison County Courthouse Friday, marking the 33rd anniversary of women's right to vote.

Rep. Kennedy was the only legislator from the 56th District to vote in favor of the Equal Rights Amendment (ERA) to the U. S. Constitution, an amendment which provides that "equality of rights under law shall not be denied because of sex."

The St. Louis baseball Cardinals still lead the National League's Eastern Division by 1½ games over the Pittsburgh Pirates despite two losses in three weekend games at Cincinnati.

On Friday night against the Reds, a home run by Jose Cruz snapped a 4-4 tie in the 11th inning. It was Cruz' second straight game-winning homer. After this 5-4 Redbird win, rookie Dan Driessens of Cincinnati drove home five runs with two hits to lead the Reds to a 6-4 victory over the Cardinals Saturday night.

The Cards lost 4-1 to the Western Division second-place Reds yesterday.

A federal grand jury in Washington on Friday indicted 12 narcotics agents on charges of depriving 11 persons of their constitutional rights during drug raids in this region in

(Continued on Page 10)

Cut bus fare

The Bi-State Development Agency board of directors authorized a reduction of base bus fares to 25 cents from the present 45 cents during a meeting Thursday afternoon.

The board also reduced to 15 cents the fare for elderly riders during non-peak hours.

The fare reduction was authorized in both the Illinois and Missouri sections of the Bi-State Transit System operation in keeping with a promise earlier this year that fares would be cut if a half-cent sales tax was levied for transit operations in St. Louis and St. Louis County. The tax went into effect July 1.

The Illinois state government also subsidizes Bi-State Transit. The board said the fare reductions will become effective Sept. 10.

Woman dies in crash

Mrs. Ruth Rasic, 29, of Fairview Heights, was fatally injured when her auto and a tractor-truck collided at Edwardsville Road and McCambridge Avenue in Madison at 7:30 p.m. Sunday.

Madison firemen had to pull her from the auto after it collided with the truck and then spun into a sign post, demolishing the car.

Witnesses said the car was northbound on McCambridge at high rate of speed and was unable to negotiate the sharp curve without crossing the

center line. The truck driver said he swerved his vehicle to avoid striking the car and the truck went out of control.

The car reportedly hit the side of the truck, spun, struck the side of the truck at least one more time and then spun to the side of the road, where the driver's side door was bent around the sign post.

The driver of the truck, Dwight Ramsey of West Sumner, Ky., was not injured but his passenger, Walter Shook, 58, of Fulton, Ala., struck his head on the windshield. Shook suffered a three-fourth inch cut to his forehead and the windshield was broken. He was treated and released from St. Elizabeth Hospital.

Mrs. Rasic was declared dead upon arrival at the local hospital at 7:40 p.m. yesterday. She was taken to a Fairview Heights funeral home.

Her body is to be taken to a Wichita, Kan., funeral home for services Thursday and burial there.

She is survived by her husband, David, and two children at home.

Chicago draws record crowd
A crowd of 28,000 persons attending Saturday night's performance of Chicago at the Mississippi River Festival, broke all attendance records for this year, it was reported at Southern Illinois University at Edwardsville where the MRP is held.

The group has gained international acclaim for its unique style in jazz, brass and the classics as well as rock and roll and has drawn record-breaking crowds since its first world tour in 1971.

Meeting on Dobrey drainage tomorrow

A public meeting to try to resolve roadblocks to an interim drainage program for Dobrey Slough will be held at 7:30 p.m. tomorrow in the Granite City office of the East Side Levee and Sanitary District, 1207 Madison Ave.

The meeting is sponsored by the Nameoki Township Truth and Action Citizens' Committee which is urging immediate state aid for Dobrey Slough residents whose homes are being severely damaged by a high water table.

During the past two years, Guillois has completed eight plans for constructing a drainage line from the slough to Nameoki Ditch. Six died after property owners refused to give rights-of-way for the line and the seventh was stopped when no bids for the work were received and the state's fiscal year ended June 30.

The \$150,000 which had been appropriated by the state in the last fiscal year was reappropriated in July for this fiscal year, but the state Bureau of the Budget has not given the necessary authorization to call for new bids on Guillois' eighth

plan. A representative of the Illinois Environmental Protection Agency also is expected to attend.

Invited are all trustees of the levee district, local civic leaders and area state legislators. A representative of the Illinois Environmental Protection Agency also is expected to attend.

(Continued on Page 10)

Urge Nameoki ditch widening

The U. S. Army Corps of Engineers has been requested by Granite City Mayor Paul Schuler to study the possibility of widening and deepening the Nameoki drainage canal to handle a greater volume of drainage into Horseshoe Lake, it was reported today.

Mayor Paul Schuler said he was informed of the request in a letter received from Cong. Price. The congressman said that he had enclosed in the letter to Col. T. E. Peterson, chief engineer of the St. Louis

Army Corps district, clippings from the Granite City Press-Record concerning flood damage caused by the 4.25-inch rain on Aug. 12.

Grassroots government

Nameoki Town Board 7 p.m. today, Aug. 27, at 4250 Highway 162. Granite City Council 8 p.m. today, Aug. 27, at GC City Hall. Madison City Council 7 p.m. Tuesday, Aug. 28, at Madison City Hall. Granite City School Board 7:30 p.m. Wednesday, Aug. 29, at 20th Adams.

DEMOLAY AWARD presented by Charles E. Hileman Jr., a past state master counselor, left, to David Epping, right. The highest self-achievement award that a Demolay member can earn, the honor certificate is known as the Representative Demolay Award.

David Epping earns award

David Epping was presented the Representative Demolay award by Charles E. Hileman Jr., past state master counselor during the chapter's regular meeting at the Masonic Temple last week.

This award, known as the RD Award, is the highest self-achievement distinction a Demolay can earn.

Glen Hollis, chairman of the Masonic Temple's renovation building committee, spoke during the meeting, outlining plans to refurbish the temple in its original architecture patterned after the ancient King Solomon's Temple.

Following his talk, the members discussed aiding the Masons in the program with several of the boys forming a committee to assist Howard Bolton, worshipful master of Triple Lodge 835, chairman of the committee.

His committee will operate from the temple the next five Saturdays to obtain contributions and pledges.

Also discussed was the recent conclave held at Western Illinois University at Macomb. Master Counselor Tim Noud

appointed a committee to serve

the "Prospect Night" at the Sept. 4 meeting.

New turn law may pose problems

By MARY LOU MANNING
Copley News Service

Springfield—Come January 1 of next year, pedestrians and motorists alike may find themselves in a dilemma.

To cross or not to cross, to turn or not to turn may be the question.

And the answer may take some careful, calculated thought. But most of all, it will require some common sense.

The first of the year is implementation date for the new law passed by the last General Assembly permitting right turns on red signals after stop.

At present, the procedure is allowed only where signs permit, unless signs prohibit it.

(Left turns on red after stop will be permitted at intersections where signs directing it are present.)

Illinois is not the first state to pass this law, and it probably won't be the last.

"The nation is pretty well divided on the issue," explained George Moberley of the Department of Transportation's engineering and standards division. "Those who have the law are in favor of it while those who do not are against it."

Moberley said that the western states are the biggest proponents of the law.

"The western states have many laws governing the safety of pedestrians, which is the chief concern when considering the 'right turn' issue," he said.

"These newer states have adopted laws resolving problems faced by the older ones."

"The pedestrian, indeed, appears to be the main consideration in all aspects of the law."

"Until we have the law working for a while, we are planning to review our state-maintained intersections. At those with a high concentration of pedestrian traffic and those considered having a high potential for accidents, signs prohibiting right turns on red will be erected," Moberley stated.

The law also provides for local ordinances to prohibit the practice.

The law, too, is on the side of the pedestrian. It specifically states that the motorist attempting to make a right turn on red after stop "shall yield the right-of-way to pedestrians lawfully within an adjacent crosswalk and to other traffic lawfully using the intersection."

But some of the projected problems and ramifications of the law will just have to be worked out after it has been in effect for a while. For instance, what about the blind person who, with the aid of a seeing eye dog, is attempting to cross the street? How will it affect his safety? "You can't walk against a red light, anyway," explained Joseph Gibbs, R-Springfield, who sponsored the bill, "the motorist must make a complete stop before turning so if a blind person is attempting to cross the street the motorist must yield."

Tom, as stated in the "Rules of the Road," published by the Secretary of State's office, "you must always come to a complete stop when approaching a blind person who is crossing the street... regardless of any traffic control sign or signals which may be in operation."

Gas service restored

Propane gas service has been restored to the 481 families in the Kirkpatrick Housing Project after nearly a week without service.

Gas from an underground pipe seeped into the sewer system near Building 1700 causing minor explosions which knocked off sewer lids but caused no damage to the homes or its occupants.

Dave Morgan, executive director of the Madison County Housing Authority, said that the gas seepage occurred when the underground line developed a small crack around a lap-on

pipe leading to one of the buildings. Repairs were worked until late that night in repairing the break and restoring service to that immediate area.

Morgan said, "The big problem was caused by a four-inch cast iron pipe located in the same area, which snapped in half, forcing us to shut off the supply to the whole complex until repairs could be made."

He said that it has not been determined what had caused the break, but that workmen had to replace 50 feet of the main gas line before service could be restored Thursday.

Bette Midler, Crosby & Nash end MRF

The 1973 season of the Mississippi River Festival will draw to a close Wednesday following two concerts this week.

Bette Midler is scheduled to appear at 8:30 p.m. tomorrow and Crosby & Nash will give the final Festival concert at 8:30 p.m. Wednesday.

The Festival site is on the Southern Illinois University at Edwardsville campus.

Bette reached fame through her recording of the old "Boogie Woogie Bugle Boy of Company B." She describes her repertoire as rock 'n' roll, torch songs, rhythm and blues, old time blues, sophisticated show tunes and nostalgic musical oldies. She was raised in Hawaii and worked as a movie extra before moving to New York. She played Jewish revues in the Catskills and finally got a job in the chorus of "Fiddler on the Roof."

She eventually graduated to the role of Tzeitel in the show. She also has done off-Broadway shows and night club acts.

David Crosby & Graham

Nash, folk-rock artists, achieved national recognition in the group of Crosby, Stills & Nash, singing with Stephen Stills.

The group's hits included "Suite: Judy Blue Eyes," "Marrakesh Express," "Woodstock" and "Carry On." Recent recordings include "Southern Train," "Frozen Smiles" and "Games."

Alcoholic beverages are prohibited on the festival grounds, concertgoers are reminded. Tickets range from \$2.50 to \$5.50 for reserved seating under the tent. Lawn seating is \$2. Ticket information may be obtained at the STUE ticket office at 692-2320.

Marriage licenses issued by county

Marriage licenses issued by the office of County Clerk Eulalia Hotz at Edwardsville to Quad-City residents include: Ronald L. Muller, Granite City, and Joyce A. Halliburton, Madison.

Michael K. Bradshaw, Granite City, and Sharon L. Hines, Mitchell.

Douglas K. Holcomb, East Alton, and Carol Sasyk, Granite City.

Jack L. Bittle, East St. Louis, and Patsy R. Lampston, Granite City.

Alfred L. Miller and Eiko Oshiro, James J. Moeslein and Wendy K. Everts, and Steven H. Acocks and Gail L. Krueger, all of Granite City.

BETTE MIDLER

Avoid late pruning

By WAYNE B. SIEFERT
Late summer pruning and fall rains often stimulate pruned shrubs to produce a spurt of growth when maturing wood and winter dormancy usually occurs. Off season stimulation can be a disaster if an early

freeze or zero weather finds these tender plants before they mature.

If you have not pruned your plants and feel there is a need, then postpone this project until early winter or early spring.

Have you noticed some of your marigolds developing a peculiar yellow color? The foliage an off-colored yellow-green as well as the flowers?

These plants have become infected with aster yellow virus which kills marigolds and asters. Other garden flowers may show this same disease, but are not as susceptible.

The virus is spread by leaf hoppers, and can be controlled only by early season spraying to control the hoppers. Diseased plants are a hazard to nearby healthy plants, and should be removed.

Mid-August through early September is the ideal time to transplant peonies and iris. Peony clumps should be carefully lifted in a large clump of soil to avoid breaking the spreading roots. Rinse the lifted clump to expose the dormant buds and their arrangement on the crown. Carefully cut the fleshy crown into sections with 3 to 5 buds on each cluster of roots. Trim out any soft areas with a sharp knife.

Replant peonies in a well drained location. If you have a compact soil mix 1-3 peat moss, compost or manure with the soil to insure proper aeration to the roots.

Deep planting and a shady location delays flowering of peonies. Be certain the peony buds and crown are less than 1 1/2 inches deep. Shade and competition from trees also prevents flowering.

Large clumps of bearded iris can be replanted at this time without reducing next year's flowers. Carefully lift the clump a vigorous portion and wash the soil off the rhizomes.

Cut the rhizomes apart leaving one or two growing points, a large piece of rhizome and some roots of each piece. Trim off and discard all shriveled or soft areas.

If you are thinning a large clump, select only the choice rhizomes. Add garden fertilizer to the soil before replanting. One to two pounds of 10-10-10 or 12-12-12 fertilizer per 100 square foot should be ample.

Replant the iris rhizomes with the top half of the rhizome showing above the ground. Remove the brown leaves and trim back the green leaves by 2-3.

STATE FAIR WINNERS, all members of the Moonspinners 4-H Club, who earned Participation Award ribbons for programs in which they competed at the Springfield State Fair. Left to right are Kathleen DeRuntz, Anita Turner and Mary Ann Yevin. (Press-Record Photo)

Moonspinners earn state fair awards

Three members of the Moonspinners 4-H Club attended the state fair in Springfield, participating in different phases of the exhibits and displays on the fairgrounds.

Anita Turner, 14-year-old daughter of Mr. and Mrs. Raymond Turner, 2520 Buenger Blvd., represented Madison County with other 4-H clubs in the food division.

She prepared a southern dinner casserole comprised of pork, lima beans and rice as the basic ingredients. Miss Turner was selected to attend the state fair following county competition held at the Edwardsville Farm Bureau in July.

She received a participation ribbon and a sixth place rating. Miss Turner will begin her freshman year at Granite City High School-North this fall.

Mary Ann Yevin, who will begin her senior year at South High School, served as the mistress of ceremonies in the "Share The Fun Skill" program in conjunction with other

contestants from Madison County.

She was required to review the presentations and prepare her introductions and background material for each of the dramatic playlets.

Miss Yevin is a daughter of Mr. and Mrs. George Yevin, 2917 Grand Ave. She also received a participation ribbon for her efforts with the project.

Kathleen DeRuntz, 13, a daughter of Mr. and Mrs. James DeRuntz, 200 Lindell Blvd., exhibited a sweater she had made which had won an award for Edwardsville Achievement Day held for all 4-H club members.

Miss DeRuntz will begin the ninth grade at South High School in September. She also earned a red ribbon award at the state fair.

Judge Roy Strawn resigns

Associate Judge Roy Strawn, a former Granite City attorney, has submitted a letter of resignation and plans to return to private law practice.

Strawn, who was appointed to the lower court June 28, 1971, is expected to join an East Alton law firm that includes retired circuit Judge Michael Kinney.

The resignation is effective Sept. 1, Acting Chief Circuit Judge John Gitehoff said.

A replacement for the \$22,500-a-year seat will be made by the Madison County circuit judges.

Lunch, milk prices raised

The Madison Board of Education, in a special meeting Thursday night approved the hiring of two full-time personnel and voted to increase the price of lunches and milk for the 1973-74 school year.

Mrs. Georgia Rogers, Madison, was hired as a full-time cook to replace one who was transferred to another school district.

The board also approved the appointment of Charlie Hackett, Granite City, a 1972 graduate of Southern Illinois University at Edwardsville, as a full-time English teacher at the Madison High School.

In other action, the board approved the acceptance of bids

for cafeteria food supplies and at the same time voted to increase the price of milk and hot lunches.

Students in grades 1 to 3 will now have to pay 35 cents; grades 4 to 8, 40 cents; and students in high school grades will pay 45 cents for lunches.

New teachers breakfast Friday

A "Welcome Breakfast" for new teachers in the Granite City School District will be held at 8:30 a.m. Friday, Aug. 31, at the Grigsby Junior High School. It was announced today by Frank L. Kraus, assistant superintendent.

Approximately 60 teachers

served at their respective schools.

Supt. John Palchiff said that because supplemental state funds had not been allotted for the new school year, the district was forced to increase the price of milk by four to nine cents throughout the system.

will attend the two-hour breakfast, and then depart for the school where they will be teaching to meet the principals and tour the buildings.

7 couples obtain divorces

Seven area couples have obtained divorces in Madison County Circuit Court at Edwardsville. Divorced were:

Beverly Jo Adams (Shemont) of Granite City from Leonard Adams Jr. of Monrovia. They were married Feb. 2, 1968, in Fairview Heights and separated Dec. 21, 1972. Mental cruelty was charged. Custody of three children was granted to the mother and the court reserved judgment on the issue of child support.

Elmer Eugene Parson of Granite City from Rhonda Kay Parson (Tinsley) of Fredericktown, Mo. They were married Nov. 24, 1972, in Fredericktown and separated April 8, 1973. Mental cruelty was charged. Her former name was restored.

Peggy Lou Bahn (Cummings) of Mitchell from James Henry Bahn of Granite City. They were married March 20, 1972, in Hillsboro and separated March 31, 1973. Mental cruelty was charged. Her former name was restored.

Sherry Lynn Robinson (Intrieri) of Granite City from Hugh W. Robinson. They were married Dec. 1, 1971, in Reno, Nev., and separated May 25, 1973. Mental cruelty was charged. Her former name was restored.

Ana P. Robertson (Provida) of Granite City from Fred Robertson of Wood River. They were married June 7, 1968, in Madrid, Spain, and separated in November of 1969. Mental cruelty was charged. Custody of three children was granted to the mother and the father was ordered to pay \$100 per month child support.

Glenn Jean Moore (Sandel) of Granite City from George David Moore Jr. of Spanish Lake, Mo. They were married Nov. 12, 1966, in Granite City and separated July 30, 1973. Mental cruelty was charged. Custody of one child was granted to the mother and the father was ordered to pay \$25 per week child support.

Clarence Bradley from Gladys Bradley (Williams) both of Venice. They were married April 5, 1953, in East St. Louis. Mental cruelty was charged. Her former name was restored.

Grand jury indicts 3

A Madison County grand jury Thursday returned true bills against Robert Austin of the 2000 block of State Street and Larry Turner, of the 2100 block of Washington Avenue, on charges of burglary.

They allegedly entered the home of Tom O'Quinn, 3307 Kirkpatrick Homes, Aug. 2. They are to be arraigned Sept. 5.

The grand jury previously returned a true bill against Jerry Nisbake of the 4100 block of Braden Avenue on a burglary charge. The indictment charged the auto of William Camren, 1892 Edwardsville Road was entered, allegedly with intent to commit theft. Nisbake is to be arraigned Wednesday.

MOTORCYCLIST HURT
Thomas D. Newman, 17, of 140 Briarwood Drive, sustained a minor injury at 7:15 p.m. Saturday, when his motorcycle was struck by a station wagon, reportedly traveling through a red light, which demolished the front wheel of the cycle and left the scene.

LIBRARY SALE. Mrs. Martha Bronsman, 2124 Hamilton Drive, makes a selection from the approximately 5,000 books offered for sale during the Granite City Public Library's week-long book sale that began Saturday. (Press-Record Photo)

Library opens book sale

The Granite City Public Library began its week-long book sale Saturday morning in an attempt to dispose of books that are outdated and no longer can be used in its collection.

Head Librarian Robert Black said, "These books offered to the public are ones that are in our collection but haven't been used within a 5-year period."

Black said the library keeps a current list of books that are required to be available to the public and some of those, if enough copies are on hand and not being used, would be sold along with the others.

Approximately 5,000 books are offered for sale, most of them at a cost of 25 cents to \$1.

Appoint Detention Home head

Arnold E. Droge, 42, an official of a Minneapolis treatment institution for delinquent youths, has been appointed head of the Madison County Juvenile Detention Home at Edwardsville.

Droge will report to his new job here Sept. 24, according to Acting Chief Circuit Judge John Gitehoff, who said that Droge was the unanimous choice from among more than 10 job applicants reviewed by the panel of Madison County judges.

As assistant superintendent of the county home school, a coed, cottage-based treatment facility that serves

metropolitan Minneapolis.

Droge assisted in alternative care for youngsters going to jail.

His responsibilities here have been broadened over those of his predecessor, Harry Thiele, who leaves the post of chief probation officer Sept. 1.

Boy, 13, hurt in mishap with auto

Chris McBe, 13, son of Mr. and Mrs. William McBe, 420 Maryville Road, sustained abrasions to the right elbow, right hip and upper back when the bicycle he was riding was struck by a car at 1:30 p.m. Thursday in the 2200 block of Ponton Road.

Police said the driver of the auto was Melvin L. Tomlinson, Box 4389, Highway 162, who was traveling west on Ponton when the bicyclist crossed the road. The youngster was treated at St. Elizabeth Hospital and released.

SPARTAN GAS BURGULARY
A total of \$67 was taken from Spartan gas service station, 2905 Edwardsville Road, in a burglary reported at 7:10 a.m. Saturday.

Extend filing date for tax relief for elderly

Thousands of Illinois senior citizens and disabled persons will have more time to file for property tax relief, Robert H. Alphin, director of the Illinois Department of Revenue, announced.

"In an effort to reach every qualified citizen in Illinois, I have decided to extend the filing deadline from Sept. 15 to Nov. 15," Alphin declared.

"Gov. Walker is deeply concerned about the elderly and disabled, especially in these times of inflation. The governor has asked me to make sure all qualified senior citizens and disabled persons have an equal opportunity to obtain tax relief benefits," Alphin said.

The revenue director noted that many Illinois counties are late mailing property tax bills. Under the Senior Citizens and Disabled Persons Property Tax Relief Act, eligible persons who pay rent or property tax on

homes may qualify for annual cash grants from the state. He said the department has processed over 98,000 applications for cash grants since the law became effective Jan. 1, 1972. Over 60,000 of these applicants have received cash grants averaging \$160.

Over one-third of those who applied did not qualify because their property tax or equivalent rent did not exceed the percentage required by law. Applications for senior citizens and disabled persons property tax relief form, IL-1363, may be obtained at any Illinois Department of Revenue Office, by writing the department at P.O. Box 3124, Springfield, 62706, or by phoning 312-641-2150 in Chicago or 217-325-3336 in Springfield.

School supply bids accepted as new term opening nears

The Granite City Board of Education last week accepted low bids submitted by the Hill Equipment Co. for gas for vocational use; Prestige Printing Co. for printing football programs; Baldwin Piano and Organ Co. of St. Louis for piano tuning at a cost of \$10.75, and to the Yellow Cab Co. for an itemized fare rate to transport handicapped children to school from various areas.

Other bid offers accepted include one of The Midwest Uniform Rental for mop service; a change in the frozen beef pattie contract from the Dillard Famous Foods, which could not deliver as they first indicated, to the Holten Meat Co.

Marshall and Stevens requested a fee of \$1,300 to document and properly appraise the buildings at North High School, including a list of equipment and other contents at no charge, as it will be included

in the annual service fee of \$800. A service contract was awarded to the Phonic Ear Co. for hearing equipment at Johnson School at a cost of \$1,360, to include the purchase of one new unit.

The proposed revision of regulations governing the use of school buildings and grounds by persons or organizations who wish to use the facilities was approved, effective immediately.

Change orders in relation to new construction from general contractors included one from the S. M. Wilson Co. for an additional amount of \$1,274 for roof work adjacent to the auditorium at South High School auditorium and a credit for \$1,561 from the S. M. Wilson Co. for a reduction in auditorium seating.

In change orders from the L. Wolf Co. a total of \$1,306 was credited because of omitting the

concrete drive, curb and gutter in front of the North High School, resulting in a \$4,523 deduction. However, an additional charge of \$2,970 for a change in door frames and doors and an additional \$242 for a specific type of doors to the music practice rooms offset part of the reduction.

Perpension was granted to the Booster Club to erect a booth at the North High School home football game, to issue booster club memberships and sell banners, badges, and other items to support the new Steelers.

Ed Edwards, chairman of the Community Advisory Council, spoke during the board meeting, presenting a progress report on the council and subcommittee meetings held since May 21, and of the state-oriented program on student and system goals.

The guidelines issued by the Office of the Superintendent of Public Instruction on local district educational planning suggested steps in the goal-setting process in each school district in the state.

"It is expected to have 23 system goals in the final draft that will be submitted for adoption by the local board of education at the Sept. 4 meeting," Edwards said.

After the board approves the suggested goals, the committee will begin work again on enlarging the policy and preparing an in-depth report that will be forwarded to the state office by Dec. 31 of this year.

Attorney Leo Konzen, chairman of the Chamber of Commerce Junior College Study Committee, gave a summary report on the Junior College status. Further discussion and a decision on the Granite City area will be on the Sept. 4 agenda.

To enable members of the board of education to preview the materials developed during the 1973 summer curriculum workshop for high school personnel, Owen E. Humphrey, curriculum coordinator, submitted copies of the work that has been done in Career Education, Mathematics, English, Science and Social Studies.

He was assisted in his presentation by key personnel who worked towards the final recommendations as a result of the workshops.

The workshops were held to provide a more interesting aspect in each of the courses and involve students of all grade levels and ability in programs they might otherwise omit in their schedules.

Superintendent B. J. Davis read a letter from Charles W. Foster, executive secretary and director of research for the Accounting and Finance Management Research committee, recommending Victor G. Anderson, school comptroller, as a candidate for appointment to the committee for a three-year term.

Permission was given to

Granite City Press-Record

Attends McKendree

Jay Kevin Greer, Madison, has been admitted as a freshman at McKendree College, Lebanon, for the 1973 fall term. Greer is the son of Mr. and Mrs. James D. Greer, 1546 Sixth St., Madison.

Anderson to attend a fall meeting in Anaheim, Calif. in October so he may accept the appointment.

Sup. Davis also requested permission of the board to hold a meeting at 7 p.m. on Tuesday, Sept. 11, with various taxing agencies to discuss the school's proposed budget. Tentative plans were made to host the meeting at the board office.

A projection on State Aid for 1973-74 which was set earlier at \$6,655,667 has been revised and will give the school district a total of \$6,779,394, an increase of \$94,367, Darrell Elliot, supervisor of finance and claims of OSP, informed the board.

FIGHTING FOOTBALL WARRIORS get in condition for the coming 1973-74 grid season which will open at home at 1:30 p.m. Saturday, Sept. 15 against Riverview Gardens. Last season the Warriors sneaked by

Riverview Gardens 8-7. The Warriors were 5-2 in the Southwestern Conference and 6-4 overall last season (Press-Record Photo)

RETURNING WARRIOR GRID LETTERMEN ready to take the field for Granite City High School. South are, left to right kneeling, Tim Killian, 6-0, 205; Kevin Hollis, 6-0, 175; Mike Stanton, 6-1, 196; Charles Ferratto, 5-11, 180; and Keith Hollis, 5-11, 178. Standing,

left to right, Scott Griffith, 5-9, 160; Dave Ruebhausen, 5-11, 150; Paul Mushill, 5-10, 175; Tom Schooley, 6-0, 165; Walt Milton, 5-6, 160; and Dave Dombek, 6-2, 175. (Press-Record Photo)

12 returning lettermen on Warrior grid team

By WALTER STRANGE
Press-Record Staff Writer
"We are concentrating on winning ball games," Head Football Coach Wayne Williams of Granite City High School. South commented Friday as the Warrior gridgers worked out in physical conditioning drills.

Williams is beginning his fifth season as the head grid mentor. Last year the Warriors had a 6-4 overall record and a 5-3 record in the Southwestern conference. Williams' GCHS Warrior grid record is an impressive 25-10-1. The Warriors have lost some key players, but do have 12 returning lettermen.

Two juniors who lettered as sophomores are Paul Mushill 5-11, 177, and Tom Schooley 6-2, 172, both halfbacks. Senior lettermen returning are Dave Bombeck, 6-2, 180, quarterback; Dale Williams, 6-0, 170, halfback; Walt Milton, 5-7, 150, halfback; Dave Ruebhausen, 5-11, 152, defensive halfback; Scott Griffith, 5-11, 161, defensive halfback; Kevin Hollis, 5-11, 176, guard

and linebacker; Keith Hollis, 5-11, 180, guard and linebacker; Tim Killian, 6-0, 205, tackle; Mike Stanton, 6-1, 196, center; and Charles Ferratto, 5-10, 183, guard. There are 40 players out for the varsity squad, 35 for the sophomore team and 40 freshmen. According to the coaches at South, the varsity numbers are expected to remain about

the same but the other teams should increase in size. Last year the Warriors defeated Riverview Gardens 8-7, Edwardsville 21-7, Alton 7-6, Belleville East 14-13, East St. Louis 27-25, and Cahokia 31-30. They lost to O'Fallon 28-20, Collinsville 29-27, Jefferson City 9-6 and Belleville West 34-8. The Warriors open at home at 1:30 p.m. Saturday, Sept. 15.

DYNAMIC TRO which will be brainstorming the Granite City High School South Fighting Football Warriors during the 1973-74 season again will be Wayne Williams, head varsity coach, left; Stan Wojcik, center, and Don Miller, both assistant varsity grid mentors. The "tro" is shown at practice Friday morning, reviewing the running time of the players during conditioning practice.

Jacobsmeier takes city softball title

Pitcher Jim Hagnauer led the Jacobsmeiers to their first city softball championship Saturday by defeating Tri-City Park Tabernacle 5-3 in the fifth annual Rufus Ketter City Championship Tournament hosted by the Granite City Park District.

Jacobsmeier and Tri-City Park met in the finals via the

7th and 8th games of the nine-game series. Tri-City Park, Church League champion, defeated Victory Tavern 4-3 to advance to the final against Jacobsmeier, which had downed Metro-East Merchants 7-5 in semi-final action.

Tri-City won the first round of competition Thursday, having defeated Pete and Mary's 10-4. Jim Black was the winning pitcher.

Jacobsmeier met the Western Division champion, Carmody Pontiac, in their first game Friday. Pitcher Steve Golden leading his team to a 13-4 victory backed up by a home run off the bat of Rich Schardan

and a two-base hit by Don Haddix. In winning the tournament, Jacobsmeier joins Rozycki Realty and Haggy's Heroes on the list of city softball tournament champions.

Free soccer clinics offered

A series of three soccer clinics will be held next week at Southern Illinois University at Edwardsville, the school's athletic director and soccer coach, Bob Guelker, has announced.

Professor Remo Botto Netto, world famous coach and referee from An Paulo, Brazil, will be the guest instructor for the three days of clinics. He will be assisted by Guelker and the Cougars' assistant soccer coach, Pat McBride. The clinic schedule is: Thursday, Aug. 30-7:30 p.m., for referees; Friday, Aug. 31-

7:30 p.m. for coaches, and Saturday, Sept. 1-10 a.m., for players and coaches. The Thursday and Friday sessions will be held in the Mississippi and Illinois rooms of the University Center building and the Saturday session will be conducted at Cougar Field. The public is invited to attend the clinics free of charge. Any player, from age 5 to 35, is urged to participate. Coach Netto is touring the United States through the Illinois Partners of the Americas program as a continuing exchange between the sister states of Illinois and Brazil.

Boyce wins demolition

Larry Boyce, Columbia, took home the top prize money after defeating 60 other drivers in the 1973 Midwest Demolition Derby at Tri-City Speedway Saturday night.

Boyce had knocked his competitors out of action to capture the second heat event and then demolished 16 cars in the feature for the championship. David Braum, Evansville, and Mike Smith, Granite City, finished second and third in the main event. Smith was the winner of the consolation event. Other heat winners were: first heat, James Smith, Steeleville, and third heat, Frank Johns.

The object of the derby was for each driver, to disable other autos by crashing into them. The last car left running and able to move under its own power was the overall winner.

Mercer advances

The Mercer Funeral Home team, thrown into a third-place tie with Roxana in Illinois Inter-City Baseball League competition, met Roxana and broke the tie with a 5-4 victory yesterday.

Mercer, which finished the regular season with a 10-10 record after downing Highland-Pierson 3-0 last week, scored three runs in the fourth inning. Dave Huddleston singled, Pat Harris doubled and Larry Corey's ground ball allowed Huddleston to score.

Steve Schardan doubled to drive in Harris, Bill Campbell singled and Jim Greenwald doubled to drive in Schardan. In the top of the fifth, Mercer scored two decisive runs. The win automatically advances Mercer into the league

playoffs this weekend. Pitcher Vic Reznack, who struck out 13 players to up his record to 10-4, will lead the team against Troy Sunday.

If Mercer should win this weekend, it will advance to a game against Collinsville the following week.

Spalding again dominates race

By KEN THOMPSON
Press-Record Staff Writer

Six late model stock cars were demolished, their drivers eliminated as track point leaders, Wib Spalding of Pontoon Beach and Pat Walsh of St. Louis, sped to victory in their respective classes during the racing program Friday night at Tri-City Speedway.

Spalding, the defending track champion and current point leader in the late model stock car division, posted his second consecutive feature victory and his fourth of the season, in a race that saw four of the top competitors crash and demolish their cars on one lap.

The accidents occurred on the eleven-lap of the 25-lap event when the second and third place cars, driven by Louie Janssen of Bethalto and Ronnie King of St. Louis, crashed into each other, sending Janssen's race car pole-vaulting over the first turn guard rail.

In an attempt to avoid the wreckage, Rusty Wallace, Arnold, Mo., spun his car in the first corner and was struck by the car of Bill Myers, East Alton.

None of the four drivers was injured in the melee but the event was delayed for nearly 45 minutes as crewmen cleared the track of debris.

The second fastest qualifier, Lindemann, defeated James

Lamelino, Jacksonville, to capture the first heat race. Lindemann inherited the lead on the third lap when the car of the leader Joe Northrup, Jacksonville, flipped over the first-turn guard rail after being struck from the rear by a car driven by Russell Wallace of Arnold, Missouri.

Both drivers escaped injury in that accident, but were eliminated from further competition because of extensive damage to their race cars.

St. Louisian Pat Walsh posted his fifth hobby heat feature win of the season to stretch his point lead in that division.

Earlier, Walsh had to settle for second place behind Gary Barker of Granite City in the first heat race before leading the field to the checkered flag in the main event.

Another St. Louisian, Randy Butler, was the winner of the second hobby heat event in which several cars crashed on the eleventh lap, injuring Floyd Coolidge Jr., 2011 Bryan Ave. Coolidge was taken to St. Elizabeth Hospital, where he was treated and released after having x-rays taken of his legs.

Spalding and Walsh will attempt to extend their lead in the point standings when late model and hobby stock car action resumes this Friday at the local speedway.

Cycle races to end season

The American Motorcycle Association sanctioned cycle races will conclude its 1973 season tomorrow night on the quarter-mile dirt oval at Tri-City Speedway.

Last week's feature winner, Al Steele of Alton, will be in an attempt to increase his

position in the final point standings.

Time trials will begin at 7 p.m. and the first scheduled event is to begin at 8 p.m.

JUDO, ANYONE?

Mrs. Lakshmi Raghuramiah, president of the All-India Women's Conference, announced recently in Singarar plans to teach karate and judo to women in India, "to look after and defend themselves."

Cougar matmen set 21 match schedule

A 21-match wrestling schedule for 1973-74 has been announced by Larry Kruttschnitt, coach of the Southern Illinois University at Edwardsville team.

Eight new schools have been added to the already tough schedule—Kansas State, the University of Minnesota, the University of Illinois, the University of Missouri, St. Louis University, Ohio University, Cleveland State, and the University of Indiana, and Clarion State University in Pennsylvania.

Two other schools are returning to the Cougar schedule after one year—MacMurray College and the University of Tennessee, Martin.

The 1972-73 Cougar wrestlers were 4-1 for the season despite a sensational start in their first competition in the Southern Invitational held recently at Chattanooga, Tenn., in which SIUE wrestlers finished fifth in that large field. Injuries after that to key wrestlers kept the Cougars from living up to their pre-season promise.

The SIUE wrestling schedule for 1973-74, Nov. 23-24, SIUE at the Southern Invitational tournament at Chattanooga, Tenn.; Dec. 1, SIUE at University of Illinois tournament (16 teams) at Champaign; Dec. 8, Southwest Missouri State at SIUE; Dec. 8, SIUE at Kansas State, Manhattan, Kan.; Dec. 7-8, SIUE at Central Missouri State, Warrensburg, Mo.; Dec. 15, SIUE at MacMurray College, Jacksonville.

Dec. 18, SIUE at the University of Minnesota, Minneapolis, Minn.; Dec. 21-22, SIUE at the Midlands Tournament, Northwestern University, Evanston; Jan. 4, Central Oklahoma at SIUE; Jan. 5, Western Illinois University at SIUE; Jan. 10-11, SIUE in Northwest Missouri State tournament (eight teams) at Maryville, Mo.

Jan. 17, SIUE at double dual meet at Warrensburg, Mo., vs. Kansas State and Central Missouri State; Jan. 19, Northeast Missouri State at SIUE; Jan. 26, SIUE at the University of Tennessee, Martin, Tenn., with the host school and University of Tennessee, Jacksonville.

Chattanooga; Jan. 30, SIUE at the University of Indiana, Bloomington, Ind.

Feb. 2, SIUE in Southwest Missouri State College tournament (16 teams) at Springfield, Mo.; Feb. 7, SIUE at Clarion State, Clarion, Pa.; Feb. 9, SIUE at Ohio State University, Columbus, with OSU, Ohio University and Cleveland State.

Feb. 12, SIUE at the University of Missouri, St. Louis; Feb. 21, SIUE at Eastern Illinois University, Charleston; Feb. 22, SIUE at the University of Illinois, Champaign; March

1-2, NCAA at Fullerton, Calif.; and N.A.A.U. and national federation meets, dates and sites to be announced.

Air pollution hearing delayed

A circuit court hearing on a writ ordering the Granite City Air Pollution Control Board to desist in further proceedings against Granite City Steel Co., scheduled at 9:30 a.m. today, has been postponed for approximately 30 days.

A temporary writ was issued March 29 on application of the steel company after the board cited the firm for alleged violation of city and state air control regulations. The hearing would determine if the writ of prohibition should be made permanent.

Failure to report accident charged

A St. Louis woman was charged with failure to report an accident at 1:30 a.m. Friday, after the vehicle she allegedly was driving struck and damaged the auto of Roy Roberts, 407 S. St. Louis.

Brand L. Mast, 30, of St. Louis, was issued the ticket when her auto was located by police in the 2900 block of Harvey Place.

State handbook ready

By RAY SERATI

Copley News Service
Springfield—The new Handbook of Illinois Government is coming out.

The handbook is under the supervision of Secy. of State Michael J. Howlett. The handbook has a short history of Illinois as well as its state capitals. The first state capital was located at Kaskaskia and then moved to Vandalia. On Feb. 25, 1837, the Assembly approved a bill, moving the capital to Springfield. The booklet also contains background materials of each of the state capital buildings.

One section which probably every reader will find interesting is the one dealing with the great seal of Illinois. This seal is placed on all state documents.

The booklet explains the election process and it has pictures and biographical information of each of the state's elected officers. It also has information of each office. Next comes the various state departments.

This ranges from the Department of Aeronautics to

the Department of Transportation. A paragraph explains each department. The booklet also explains about the non-code departments such as the Bureau of the Budget, the Civil Service Commission and the State Fair Agency.

The booklet then explains about the Illinois General Assembly, lists the members and also their pictures. Then comes a section on Illinois Court Officials, followed by the new constitution of Illinois. The new constitution was ratified by the people on Dec. 15, 1970 and went into effect on July 1, 1971.

The booklet contains a section on the U. S. Senators and Congressmen. This is followed by the U. S. Constitution.

The back cover of the booklet contains the state song "Illinois."

Family on holiday, house ransacked

Burglars entered the home of Carla Jacobson, 302 Wilson Park Lane, and ransacked the entire house while the family was on vacation, the householder reported Thursday.

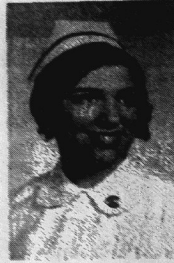

Entry was gained by removing a kitchen window. An inventory of missing items is being compiled, police said.

VENICE WOMAN CHARGED

Mrs. Ruby Baker, 201 Weaver Ave., Venice, was charged with a stop sign violation and operating a vehicle without a valid driver's license at 3:30 p.m. Thursday, following a collision at 30th and State streets with a Lybarger Materials Co. truck, operated by Leonard Lybarger, whose address was listed at 18th and Adams streets.

1969 AUTO STOLEN

A 1969 dark green over light green Chevrolet belonging to Terry Hendrickson, 3813 Village Lane, Apt., was reported stolen at 8 a.m. Friday.

KRISTINA CHRISTICH

Graduates from nursing school

Kristina Christich, a daughter of Mr. and Mrs. Gus Christich, 3308 Harvard Place, graduated Saturday from Barnes Hospital School of Nursing.

Graduation ceremonies took place at the St. Louis Cathedral, 4421 Lindell Blvd.

Miss Christich is a 1971 graduate of Granite City High School. She will be employed at Barnes Hospital and will continue her studies at St. Louis University for a B.S. degree in nursing.

Motorcyclist faces

4 traffic charges

Dennis Cruse, 18, of 2853 Washington Ave., was booked on four traffic charges at 7:45 p.m. Thursday in connection with operating a motorcycle in the 3000 block of Washington Avenue.

Cruse was charged with reckless driving, fleeing and attempting to elude, no valid registration and in violation of license classification. He was released on \$100 cash bond to appear by Sept. 6.

FOOD STAMPS GONE

About \$20 worth of food stamps were reported taken from a purse at the home of Mrs. Sharon Lyons, 2125 Delmar Ave., Thursday.

Pontoon checks zoning for ambulance service

A new ambulance service in Pontoon Beach has been criticized by the Pontoon Beach Village Board, allegedly for not attempting to comply with the village zoning ordinance.

The board voted Thursday night to have Jerry Henderson, village zoning administrator, contact operators of the LTD Ambulance Service, 3827 John Glenn Drive, to notify them of non-compliance with the village's zoning ordinance.

The board asked for a legal opinion from its attorney as to whether the service must close until it receives proper zoning or whether it will be allowed to remain in operation during zoning hearings.

Floyd David Moss, village board president, said he sent operators of the service a letter May 11 outlining the requirements for zoning. He

said no response was received.

The village's new trustee, Marvin Ribbing, was sworn in at the meeting, replacing John Cole who resigned from the board.

A request by Southwestern Bell Telephone Co. was read, asking permission to place underground cables in the Park Lane and Queensbury Court area to provide services for 27 modular homes being constructed along park Lane.

The request was referred to the building inspector to study and determine a permit fee.

Residents in the audience noted that the village's curfew ordinance was not being enforced and Moss pledged that it would be enforced for juveniles who were not enroute to destinations approved by their parents.

New student registration

Kindergarten students who will be 5-years old on or before Dec. 31, 1973, and new elementary pupils in the Granite City School District are to register at the school they will attend on Thursday from 9 a.m. to noon and 1 p.m. to 3:30 p.m.

Parents who have questions about where to register their children may call the board of Education office at 876-6600.

Children who are to enroll in kindergarten must have a birth certificate at the time of

registration. Illinois law provides that no child may enter school for the first time without immunizations for whooping cough, diphtheria, tetanus, polio and measles (or having had the illness).

Physical examinations are required also of all students entering school for the first time. Forms for physical examinations may be obtained at the board office, 80th and Adams street, Monday through Friday from 8 a.m. to 4:30 p.m.

Two Initiated as Kiwanians

Dr. Hugh Brooks and Bob Harris were initiated as new members of the Granite City Kiwanis Breakfast Club in ceremonies conducted by Melvin Gillie at a meeting Thursday morning at Tempel's Smorgasbord.

President Ray Grisham presented B. J. Davis, superintendent of schools, who in turn introduced Gilbert Walsley, principal of the new Granite City High School-North, as guest speaker.

Walsley announced there are 1,850 students enrolled at the new high school for grades 9 through 12, who will report for classes on Sept. 5.

The speaker said the school is divided into five units. Three are academic, one is a cafeteria complex and the other will house the Gymnasium.

All academic areas are ready for the new term and the dining area of the cafeteria is usable but cooking facilities are not completed. Lunches will be brought to the school from Granite City High School-North.

All the basketball and football varsity games will be played at the South High School. Walsley explained that the school parking areas will not be completed until probably late October. Therefore temporary parking has been arranged. An entrance and exit for buses only has been made with a circular driveway from Maryville Road, he said.

Parents who bring students to

school by car are requested to use the parking lot of Rowland with pupils crossing from the eastern side of the lot to the school property.

Those students who drive their own cars will park them at the Tri-City Speedway and walk to the bowling alley where there is a walkway to the school.

During the business meeting, the president announced the club will participate in the annual "peanut sale" on Sept. 21-22 and take part in the "Save Our Sight" program in September. The club also discussed assignments for the United Way campaign.

Girl bicyclist struck by truck

William Clark, 281 Spalding ave., the driver of a Southwestern Bell Telephone Co. truck, reported his vehicle collided with a youthful bicyclist, Lydia Kachigian, 11, of 2890 State St., at 1:30 p.m. Thursday.

The mishap occurred on 28th Street, between Grand and Madison avenues, as Clark's truck was crossing from one alley to another, the driver said. The girl was not reported injured.

Governor Dan Walker is heading the statewide Boy Scout recruiting drive. (Press-Record Photo)

Firm to use GSI design

A licensing arrangement between Buckeye International, Inc., of Columbus, Ohio, and General Steel Industries, Inc. has led to the placement with Buckeye of an order for approximately \$2,500,000 for GSI-designed trucks for high-speed rail commuter cars. It was announced Friday.

James A. Van Sant, president of GSI, said the Buckeye Steel Castings plant in Columbus will produce the trucks for the General Electric Transportation Systems Division at Erie, Pa. They will be used in commuter cars to be built by General Electric for the Southeastern Pennsylvania Transportation Authority and the State of New Jersey Department of Transportation.

These will be the first rail car trucks produced as a result of an agreement for technical and marketing collaboration between Buckeye and the Engineering Division of General Steel Industries, Inc., under which GSI's original and innovative designs of suspension systems are being produced by Buckeye.

GSI, through its Engineering Division has a world-wide reputation for leadership in the engineering and design of trucks for rail, transit, and commuter cars and locomotive applications. GSI has licensing arrangements with producers in eight foreign countries. Buckeye Steel, which operates a large steel foundry at

Auto strikes pole, driver is charged

Floyd Wallace, 28, of 2100 Rock Road, was charged with driving while intoxicated and driving while his license is revoked following an accident at 3 a.m. Friday at 8th and

Cleveland. Officers said Wallace's car left the road, crossed the sidewalk and struck a utility pole, breaking it off at the base. He was found sitting in the

vehicle bleeding from a small cut on the neck. He pleaded innocent to the charges, bond was set at \$2,000 and he was released to Madison County sheriff's deputies early Saturday.

State picks up litter day after day after day

By MARY LOU MANNING

Copley News Service
Springfield—Pop bottles, like everything else these days, are worth quite a bit of money... five cents in Illinois at the present time.

So they're not so prevalent along Illinois' highways, according to Edward Kohl of the Department of Transportation's division of maintenance.

But the litter is still there, and so are members of the maintenance division, picking it up day after day after day.

"We have a year-round litter program, but we have a special concentration each spring or early summer right before the moving season," explained Kohl.

The litter is picked up by hand and dumped into the familiar bright orange maintenance trucks operated by the DOT. Usually, one to three men per truck are on patrol, depending upon the area to be cleared and the availability of manpower.

"Some areas must be maintained on an almost daily basis," he said. "For example, built-up areas around such things as drive-in restaurants generate a lot of litter."

Litter is an expensive business. The DOT spends about \$3 million annually picking up dirt and debris by hand, according to Kohl. At present, the department hasn't found a machine to pick up litter that will compete with manual labor.

Man-hours spent in removing litter haven't gone up appreciably during the past three years, Kohl said.

"We hope this is because the general public is becoming more 'litter-minded.'"

All sorts of things are found along the state-maintained highways patrolled by the orange trucks. Beer cans, an occasional pop bottle, paper

products and clothing are only a few of the items which, because of the pollution laws, explained Kohl.

"We don't do much burning because of the pollution laws," explained Kohl.

The division also assists organizations with litter-collecting programs during certain designated times. They provide signs, bags and act as a hauling service.

"The organizations comprised of children must be chaperoned, because it often becomes dangerous if children are running from one side of the highway to the other collecting trash," Kohl stated.

Other duties performed by the 2,300-man maintenance force include mowing, patching and sealing the pavement, mowing and operating rest areas, snow removal, maintaining weigh stations and removing dead animals from the state's highways.

They also provide free ferry service at Brussels and operate 15 lift bridges on the Illinois Waterway.

ICC member appointed

Gov. Dan Walker has appointed Charles E. Freeman, an attorney with the Illinois Industrial Commission for the past eight years, as a member of the Illinois Commerce Commission.

The 39-year-old attorney previously served as an assistant Cook County state's attorney with the fraud section and as an assistant attorney general responsible for consumer fraud litigation.

Freeman is a member of the Chicago, Cook County and Illinois Bar Associations and is president of the Ralph H. Metcalfe Youth Foundation. He is also a member of the Phi Beta Sigma social service organization.

Robyn Robertson on dean's list

Robyn A. Robertson, 3048 Princeton Drive, Granite City, was among 4,919 Indiana University at Bloomington undergraduate students who won scholastic honors during the spring semester by being named to the Dean's List.

To qualify, freshmen must post a grade average of 3.3 or better out of an all-A average of 4.0 in a minimum of 12 hours of college work; upperclassmen, 3.5 or better in 12 hours. The 4,919, along with those who make the Dean's List the first semester of the coming school year, will be honored next April 17 at the University's traditional Founders Day ceremony.

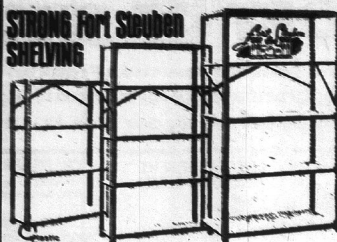

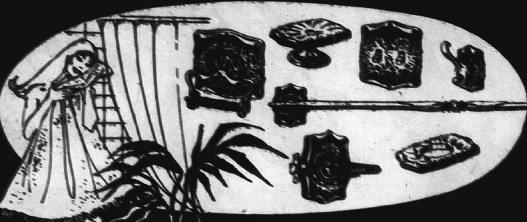

Vermont enrollee

Freshmen enrollees at the University of Vermont this year include Jennifer A. Haupt, 3125 Mockingbird Lane, Granite City.

State president visits AAUW workshop-meeting

Mary Carlson, state president of American Association of University Women, made the first visit of a state president to the local organization at a workshop meeting last week in the home of Mrs. Ray Edwards.

Also present for the meeting were Donnie Calvin, state legislation chairman, and Lynne Knapp, president of the Wood River Branch of AAUW.

All three officers attended the National AAUW Convention in Washington, D. C. in June. They displayed the banner that was used by the Illinois delegation at the convention and gave a resume of the various sessions.

The Illinois group played a large role in seeing that the International Relations Com-

mittee was not deleted from the national organization.

Plans were completed to hold the 1973 convention in Seattle, Wash., and for St. Louis to host the 1977 convention, the guests announced.

The guests distributed a questionnaire dealing with various aspects of club activities and elaborated on several points that would help improve the local branch. They also reported the general subject topic for the years discussion is "Woman Searching for Self" and several speakers were suggested for the subject.

It was announced that the Illinois State division of AAUW will celebrate its 50th anniversary in 1974-75 and will hold the observance at the site of the first convention at Illinois College, Jacksonville, Ill.

A district AAUW workshop will take place on Sept. 22 at the First Presbyterian Church in Belleville. Registration and luncheon will be \$4.

After the three workshop leaders left, a board meeting was held to discuss the program for 1973-74. A regular board meeting will be held at 3:45 p.m., Sept. 4, at Elizabeth Edwards home, and a regular meeting is planned at 7:30 p.m., Sept. 13, in the Ladies' Parlor at the First United Presbyterian Church, 22nd Street and Delmar Avenue.

All members were urged to bring a new member for the meeting to feature a musical program and silent auction. A rummage sale will be sponsored by the organization in October.

Florida visitor attends dinner

Mildred Riddle of Coral Springs, Fla., a former resident who is visiting in the area, was a dinner guest last week of the Quilting Group at St. John United Church of Christ.

The Rev. Carl J. Eichenbrenner, assistant pastor, gave a program on the subject "Endurance" during the meeting, attended by 23 members.

Get well cards were signed by the group for Mrs. Myrtle Landwehrmeister, Mrs. Grace Branding and Mrs. Lena McClasky.

Those attending were Ivy Branding, Lydia Willard, Minnie Kramer, Amanda Deutschman, Minnie Krauskopf, Marie-Wille, Clara Beckmann, Emma Branding, Mamie Schaper, Minnie Pike, Fannie Branding, Estee Werner, Ellen Ehler, Irene Hendricks, Helen Schaefer, Genevieve McComis, Marie Widdows, Mae Schuttkne, Katherine Roman, Mabel Bunselmeyer, Etta Wilson, Charlotte Vorwald and Clara Harbig.

Mrs. Winkle visits new granddaughter

Mrs. Daniel Winkle, 4202 Breckenridge Lane, has returned home after spending three weeks visiting her son and daughter-in-law, EN-3 and Mrs. John F. Winkle, and their new daughter in Bremerton, Wash.

The Winkles became the parents of their first child June 26. She was born at Puget Sound Naval Hospital in Bremerton and weighed eight pounds, 14 ounces. She has been named Darlene Rene.

The mother will be remembered as the former Kathy Martinko of Granite City. The couple resided in Bremerton, where the father serves with the U. S. Navy on the USS Hundley. Grandparents are Mr. and Mrs. Daniel Winkle and Mrs. Sue (Martinko) Blattner, all of Granite City.

The infant is the fifth generation in the family, which includes a great-great-grandmother, Mrs. Kathryn Schneider, now 94 years old, the great-grandmother, Mrs. Kathryn Falk, both of Aliquippa, Pa.; Mrs. Daniel Winkle; the father and his infant daughter.

Storing cheddar cheese

By CATHERINE R. MAUCK
Extension Adviser-
Home Economics

You can keep cheddar cheese in good condition for several weeks if you follow these three steps:
First, refrigerate it.
Secondly, keep it in the original wrapper until you're ready to use it.

And finally, after opening it, wrap cut cheese in foil, waxed paper or plastic wrap to prevent drying.

Cheese will continue to cure if you keep it in the warmest place of your refrigerator.

If mold appears on the cheese, scrape it off. It's harmless.

Save small or end pieces of cheddar to garnish or accent. If the pieces become hard and

dry, grate them and refrigerate in a tightly closed container.

Remember to serve cheddar cheese at room temperature to enjoy the fullest distinctive flavor and texture. Cheddar may require 20 minutes to one hour or more to reach room temperature after you remove it from the refrigerator.

You can satisfactorily freeze small pieces of cheddar cheese for as long as six months. For best results, keep the size of the piece of cheese under one pound and less than two inches thick.

To freeze cheddar, first wrap the cheese in moisture-proof wrapping. Then, press the wrapping tightly against the surface of the cheese to remove all air and to prevent evaporation. Finally, freeze immediately at zero degree Fahrenheit or lower.

Remember not to freeze cheddar longer than six months.

To thaw, simply place the frozen chunk in your refrigerator and use as soon as possible.

Freezing may cause the

cheese to become crumbly, but it does not affect the flavor.

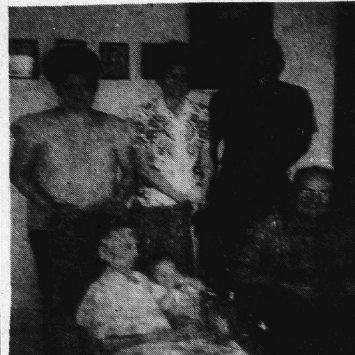

If you object to cooking cabbage, because of its well-known odor, remember, that it is only released when you cook cabbage too long.

Cabbage will cook in approximately 10-15 minutes if it's quartered and in less time if it's shredded.

Cooking cabbage is not difficult. Just remove the outer green wrapping leaves from the head and quarter or shred it. Cook the prepared vegetable in a small amount of boiling salt water.

One pound of cabbage will supply 4 to 5 half cup servings of the vegetable when cooked. If raw, one pound of cabbage will give you approximately 3 to 4 cups of cabbage for slaw or other kinds of cabbage salads.

When buying cabbage, pick a head that's solid and fairly heavy for its size. Closely cropped heads, with only three to four wrapper leaves are the least wasteful.

SIX GENERATIONS of the Bradford family, who gathered to celebrate the 99th birthday of Mrs. Maggie Bradford in her home in Shirley, Ark. The honoree is seated at left holding 9-month-old Travis Recer. At right is Keith Bradford, her son. Standing, left to right, are Mrs. Janet Recer, mother of the infant, her mother, Mrs. Juanita Towery of Granite City, and her son, Quinn Towery.

Indians theme of Cub meet

"Indians" was the theme of a Cub Scout Roundtable meeting last week with Ron Luebben.

Roundtable Commissioner, presiding. The meeting was opened with the pledge of allegiance after which staff members Pat Shable, Dot Cathey, Nadine Taylor, Vee Throne, Darlene Smith and Pat Foote were introduced.

In keeping with the theme, Mrs. Throne assisted by Cub Scout Tony Allen of Pack 122, sponsored by the Wilson School PTA, led the group in singing Indian songs. Pat Shable presided over the game period.

Dale Ramsey, assistant Boy Scout Roundtable commissioner, showed rock samples and gave their history for the Webelos theme "geology."

The Governor's Roundup Kickoff was explained by Mark Yehling, district executive who urged that all unit leaders or their representatives attend a meeting Thursday evening at St. Margaret Mary's Church.

Every unit leader who attends and meets the qualifications will receive a commemorative cup with the Governor's Seal. A "Scout Good Turn Day" movie will be shown at the Washington theater Sept. 15. To attend the matinee, every registered Cub Scout and Boy Scout will receive a ticket good for two. He is to take a non-registered scout with the extra ticket and receive a "Good Turn" patch to wear on his shirt. Prizes will be given.

School night for scouting will be held during the week of Sept. 20.

The meeting closed with the singing of the "Scout Vesper Song" followed by the scout prayer led by Mrs. Throne and Luebben.

"Viking Discoveries" will be the theme of the meeting on Sept. 11 at the Nametok Recreation Center.

Schmidt-Budke wedding

The wedding of Miss Lorretta Frances Budke, a daughter of Mr. and Mrs. Russell Budke, 2829 Cayuga St., and Michael Joseph Schmidt, son of Mr. and Mrs. Walter Schmidt, 11 Westwood Drive, Cahokia, took place at the West 22nd Street Baptist Church.

Miss Elizabeth Ledbetter provided a program of musical selections and the Rev. Rudolph Noel performed the double ring ceremony at 6 p.m. June 8.

For her wedding the bride chose a gown created of nylon lace over bridal satin featuring a jewel neckline, traced with pearls, and long tapered sleeves set in the fitted bodice. The very full skirt was designed with a removable train of lace and satin edged with scalloped lace and embellished with pearls.

A finger-tip veil was held in place with a pearl and floral headpiece and she carried a bouquet of white carnations and purple mums.

Mrs. Laverne Meyerhoff, twin sister of the bride, served as matron of honor. The bridesmaid was Miss Yvonne

Granite City Press-Record
Page 14 Mon., Aug. 27, 1973

Gibson, a cousin of the bride. The attendants selected orchid and floral print dresses and wore picture hats. Their flowers were carnations and mums.

Candlelighters included Mesess Debbie and Diane Schmidt, sisters of the groom. The flower girl was Tina Gibson and Dawn Schmidt served as train bearer. Ricky Krug was the ring bearer.

Mike Hyatt attended the groom as best man. Dale Grzeskowiak was the groomsmen and Dennis Carlisle and Dale Schroder seated the guests.

The newly married couple is residing in Granite City. Mr. Schmidt is employed in the computer office at Stix, Baer and Puffer Co., St. Louis. His wife is a senior at Granite City High School.

Second Baptist scene of Justice-Burnett wedding

Second Baptist Church, 2100 Illinois Ave., was the setting of the wedding Saturday evening of Miss Patricia Ann Burnett, a daughter of Mr. and Mrs. Ernest E. Burnett, 2229 Dewey Ave., and Rick L. Justice, son of Mr. and Mrs. Kenneth Justice, 2622 Logan Ave.

Officiating at the double ring ceremony at 7 p.m. was the Rev. B. E. Dutton who performed the service before an altar adorned with arrangements of summer blossoms flanked with branched candelabra holding burning tapers.

Mrs. Norman Grote presided at the organ for Mrs. Randy Verkamp, the bride's cousin, as she sang "The Wedding Song," "We've Only Just Begun" and "The Lord's Prayer."

Preceding the bride down the softly illuminated aisle were Miss Kathy Justice, the groom's sister, maid of honor and Miss Donna Burnett, a cousin of the bride and Miss Julie Lloyd, bridesmaids.

The honor attendant wore an orchid gown of dacton organza. Lace braid created the high neckline and formed a center panel edged with pleated ruffing on the fitted bodice.

Matching braid accented the sheer sleeves and encircled the waistline.

Both bridesmaids chose identically styled dresses in light pink organza. Each girl wore a spun straw hat in a color to match her frock and held a basket of pink and orchid garden flowers.

J. D. Marib, the ringbearer, escorted the flower girl, Sara Pascoe. She was dressed in a pink gown, similar to the maid of honor's dress and she held a small basket of pink flowers.

For her wedding, the bride selected a white silk organza gown fashioned with a fitted waistline. Long tight sleeves applied with a Chantilly lace motifs were set in the molded bodice, lavishly accented with lace appliques on the sheer yoke. The high neckline was edged with a silk organza ruffle.

Lace motifs etched with seed pearls and iridescent bugle beads enhanced the slightly full skirt and detachable chapel length train that terminated with a ruffle and lace trim.

A Juliet cap of Chantilly lace held in place an elbow length veil of bridal illusion. Her bouquet of snow crystal mums, white roses, daisies and baby breath was arranged in a small white wicker basket. The groom chose Gary Stroop as his best man. Groomsmen and ushers included Gary Rapp, Anthony Stavely, Gary Lee Burnett, brother of the bride, and David and Bruce Burnett, the bride's cousins.

Miss Melissa King presided over the guest book at a reception given in the church basement following the service. Members of the wedding party attended a rehearsal dinner at the church Friday evening.

Upon their return from a wedding trip the couple will reside at 1312 Twenty-fifth St.

The former Miss Burnett is secretary to Attorney Casper S. Nighswander. She is a 1972 graduate of Granite City High School.

Her husband also was graduated from Granite City High School and is employed at Granite City Steel Co.

The bride's mother appeared in a pink crepe floor length gown fashioned with a mandarin neckline, full chiffon sleeves and a sleeveless pink cotton Venice lace coat.

MRS. RICK L. JUSTICE, the former Miss Patricia Ann Burnett, whose wedding took place at the Second Baptist Church, with the Rev. B. E. Dutton officiating. She is a daughter of Mr. and Mrs. Ernest E. Burnett, 2229 Dewey Ave.

Mrs. Justice, the groom's mother, selected a turquoise polyester full length dress, featuring an open lapel collar, long chiffon sleeves and an A-line skirt. Both mothers wore carnation corsages in colors to match their gowns.

GOLDEN WEDDING, Mr. and Mrs. Walton F. Thompson, 2823 Pershing Blvd., who will observe their 50th wedding anniversary Wednesday at home. They have lived in Granite City for 44 years.

Walton Thompsons to mark 50th year

Mr. and Mrs. Walton F. Thompson, 2823 Pershing Blvd., will mark their golden wedding anniversary Wednesday with a quiet celebration at home.

They were married Aug. 20, 1923 in Clarksville, Tenn., and have resided the past 44 years in Granite City.

The Thompsons are the parents of two sons, Earl L. Thompson and Paul Thompson, both of Granite City, and a daughter, Mrs. Merle (Mary

Ann) Rager, who lives in Tempe, Ariz. They also have three grandchildren and two great-grandchildren.

Mrs. Thompson is the former Miss Sarah Sattley of Hopkinsville, Ky. Prior to retiring in 1967, Mr. Thompson was employed at American Steel Foundries. He is an avid gardener and keenly interested in growing roses.

Mr. and Mrs. Thompson are members of Calvary Baptist Church.

SIUE textbook return date set

Books from Textbook Service used during the summer quarter at Southern Illinois University at Edwardsville, must be returned by 5 p.m. Tuesday, Sept. 4. James H. Ogilby, supervisor of service enterprises, announced the deadline date.

Textbook Service opened Saturday for early book returns. The service also will be open from 8 a.m. to 8:30 p.m. today through Aug. 24, from 8 a.m. to 5 p.m. Aug. 25, and 8 a.m. to 5 p.m. on the final day, Sept. 4.

A LOT OF BITE.
French police who seized a car at Paris' Montparnasse railway station discovered 24,000 sets of false teeth stolen from a denture manufacturer.

Carol Eberwine becomes Mrs. Tommy G. Williams

Miss Carol Jean Eberwine, a daughter of Lieutenant Colonel and Mrs. James F. Eberwine, 25 Arlington Drive, became the bride of Tommy Gene Williams, son of Mr. and Mrs. Adriel Williams of Rural Route One, Ridgway, Ill., at 4:30 p.m. Aug. 18 at Nameoki United Methodist Church.

Officiating at the double ring ceremony, performed in a candlelight setting, was the Rev. William Foster, pastor. David Long presided at the organ and accompanied Jeff Zahn, who sang "If Ever I Should Leave You" and "Sunrise Sunset."

The bride selected a gown of white organza over crepe. The formal length dress was fashioned with a round neckline edged with a bias ruffle and trimmed in delicate crocheted lace. Lace was

repeated on the long bishop sleeves and wide cuffs. A wide midriff enhanced the gown and deep ruffles of matching crocheted lace encircled the hemline of the full skirt. Her mantilla veil of bridal illusion, accented with a wide lace border was secured with a headpiece of crocheted flowers.

She carried a bouquet of white and pink carnations, baby breath and greenery, festooned with pink streamers.

Three sisters of the bride served as her attendants. Miss Marcia Eberwine was the maid of honor, with Miss Barbara Eberwine as bridesmaid. Ruth Eberwine was the flower girl.

Their identical gowns of pink and lavender floral print made in sheer polyester were lined in pink. The bodices had round necklines and short puff sleeves and the skirts were long and gently gathered.

They wore pale pink ribbons in the hair and each attendant carried a bouquet of pink and lavender carnations garnished with baby breath and colored streamers. The flower girl held a nosegay of roses.

Terry W. Williams, brother of the groom, served as best man. Allen D. Stricklin was groomsmen and Kurt L. Williams, a cousin of the groom, seated the guests.

A rehearsal luncheon was served at the International House of Pancakes. The reception was held at Tempel's Smorgasbord.

Upon their return from a wedding trip the newlyweds will reside in Vandalia, Mo.

The bride is a graduate of Oliver-Wendell Holmes High School, San Antonio, Tex., and a

1973 graduate of Southern Illinois University at Carbondale. She received a bachelor's degree in education, a minor in instructional materials. She belongs to Pi Lambda Theta Sorority and is employed as a teacher.

The groom is a graduate of Ridgway (Ill.) High School and Southern Illinois University at Carbondale. Employed as a social worker, he earned a B.Sc. degree in government and a B.A. degree in administration of justice, with a minor in history.

Mrs. Eberwine, mother of the bride, was attired in a street length dress of light blue polyester fashioning with short sleeves.

Mrs. Williams, the groom's mother, chose a pale blue sleeveless gown. Pink carnation corsages were worn by the mothers.

Parents host patio party

John Aleman, son of Mr. and Mrs. Louis J. Aleman Jr., was honored with a party last week in observance of his fourth birthday. The event was held on the patio of the Aleman home, 2816 Dogwood Drive.

A buffet dinner was served and a birthday cake decorated in a baseball theme centered the table. Games were played by the children with prizes awarded. Balloons were used as a part of the patio decorations.

Among the guests were Gina and Joe Mangiaracino, Jennifer and Jon Roderick, Jason and Jeff Shilt, Erin Bayer, Jeffery Rosenberg and the honoree's brother, James Jeffery.

Adults at the observance were Mrs. George Kukarala, Mrs. Gerald Rosenberg, Mrs. Joseph Mangiaracino, Mrs. Charles Bayer and Mrs. David Cruise.

Dinner marks 21st birthday

A dinner party at Tempel's Smorgasbord in Granite City marked the 21st birthday of Mrs. Sharon Muir, 324 Broadway, Venice.

The affair was hosted by the honoree's husband, Roy G. Muir, and their daughters, Ruth Ann and Samantha, last week.

Among the guests were Mr. and Mrs. Jimmy Wells, Mr. and Mrs. Ivan Cowin, Mr. and Mrs. Ralph Clatts, Mr. and Mrs. Melvin Hildebrand, Mrs. Rosena Barrett, Mr. and Mrs. Chuck Barritt, Mrs. Nina Payne, Sam Rosch, Eldon Smith, Mrs. Josephine and daughter, Belinda; Harris Breakner, Monnie Gray and the Rev. and Mrs. Luther Thompson.

Belshe-Stuart nuptials

Miss Janet Kaye Stuart, a daughter of Mr. and Mrs. James R. Stuart Sr., 2265 Cleveland Blvd., became the bride of Roger Allan Belshe, son of Mr. and Mrs. Tom Belshe, 2111 Dewey Ave. The couple exchanged vows at 7 o'clock Saturday evening at the First United Presbyterian Church.

Bouquets of summer flowers and burning tapers in brass candelabra decorated the altar for the double ring ceremony performed in a candlelight setting by the Rev. David Maxton. Miss Sue Lybarger and Miss Chris Antonopoulos lighted the tapers.

Mrs. Isabelle Schmidt presided at the organ and accompanied Miss Erle Mills, soloist, who sang "The Lord's Prayer," "Wedding Song," "One Alone" and "Entreat Me Not To Leave Thee."

Mr. Stuart escorted his daughter down the white carpeted aisle and gave her in marriage. She chose a gown of candlelight sata peau and beaded Aleonon lace, designed along semi-princess lines.

An overlay of lace accented the bodice, edged the Victorian necklines and trimmed the long tapered sleeves, fastened with a wide ruffle at the wrists.

Beaded medallions embellished with tiny pearls enhanced the full length skirt and were repeated on the removable court train. She wore a mantilla veil, detailed with jeweled lace motifs, cascading gracefully to the full sweep train and she carried a bouquet of white roses, baby's breath and baby's breath.

Miss Kathy Crawford, a cousin of the bride, was maid of honor, serving as best man. Don Rain, David Melner, James Stuart Jr., brother of the bride, were groomsmen.

Michael Allaria, Willis Bundy, Ron Rholfing and Robert Crawford, a cousin of the bride, seated relatives and friends.

Mr. and Mrs. Belshe, parents of the groom, hosted a rehearsal dinner for members of the bridal party at Charlie's Restaurant the evening prior to the service.

Mrs. Ken Yardley presided over the guest book at a reception given at the Croatian Hall in Madison.

Plans have been made by the

enhanced the soft flowing A-line skirts. They carried bouquets of red silk peonies, blue corn flowers and baby's breath festooned with narrow blue ribbons.

Ralph Burnett, a cousin of the groom, served as best man. Don Rain, David Melner, James Stuart Jr., brother of the bride, were groomsmen.

Michael Allaria, Willis Bundy, Ron Rholfing and Robert Crawford, a cousin of the bride, seated relatives and friends.

Mr. and Mrs. Belshe, parents of the groom, hosted a rehearsal dinner for members of the bridal party at Charlie's Restaurant the evening prior to the service.

Mrs. Ken Yardley presided over the guest book at a reception given at the Croatian Hall in Madison.

Plans have been made by the

young couple to reside in Fenton, Mo., upon their return from a wedding trip to Tan-Tan Lodge in the Ozarks.

The former Miss Stuart, a graduate of Granite City High School, is in her junior year of study at Southern Illinois University at Carbondale.

Mr. Belshe, a graduate of Granite City High School and SIUE, presently is employed at Bill's Marine Co., St. Louis, Mo.

Mrs. Stuart chose for her daughter's wedding a gown of nile green jersey knit made in classic styling. The round neckline was high and long tapered sleeves were set in an Empire bodice accented with a cummerbund. The floor length skirt was slightly gathered and she wore matching accessories.

Mrs. Belshe, mother of the groom, was attired in a blue shantung dress. The high neckline and waist were enhanced with Venice lace and long bishop sleeves had wide cuffs of matching lace. The gown was made with a soft flowing full length skirt.

Both mothers wore corsages of white gardenias, pink tea roses and baby's breath.

Miss Debora Keefer wed in candlelight ceremony

Miss Debora Lorraine Keefer, a daughter of Mr. and Mrs. Roy M. Keefer, 2783 Nameoki Drive, and Steven Robert Ebrecht, son of Mr. and Mrs. Robert C. Ebrecht, 48 Shiloh Drive, exchanged wedding vows at 7 p.m. July 20 at the Bethel Chapel Pentecostal Church.

The Rev. Clifton Gahler performed the double ring ceremony before an altar decorated with vases of white summer flowers. Lighting the candles were Linda Keefer and Pat Dennis.

Given in marriage by her father, the bride was gownned in a white satin Empire style dress. Venice lace formed a panel on the front bodice, extending to the hemline, and the long full sleeves were tightly cuffed at the wrists.

Her floor length veil was softly shirred and edged with scalloped lace and secured to a flat fabric bow. She carried a bouquet of yellow and white roses.

Attending the bride were maid of honor, Teresa Keefer, and bridesmaids, Karen Schaefer and Melissa Black. Flower girls were Deanne Ebling and Michelle Petras.

They wore white lace over yellow satin gowns, formal legging and white wide brim picture hats. Each held a single yellow rose.

Serving as best man was John Petras. Groomsmen were Leonard Schaefer and Bill Wittkamp and ushers were Karl Ebrecht and Barry Garner.

A reception was given at the Nameoki Recreation Center and the rehearsal dinner was served at the home of the groom's parents.

The newly married couple is residing at 2801 Madison Ave. Both are graduates of Granite

Sen. Percy sees expanded vocational opportunities as way to make streets safer and keep prisoners from repeating crimes

Sen. Charles H. Percy, R-Ill., retelling his "work-your-way-out-of-prison" bill, would credit parolees with "street time" on their sentences and return voting rights to freed felons.

Calling for criminal justice reform last year, Percy proposed—but Congress did not act upon—contracts with private industry to set up small prison factories and to pay inmate workers "realistic wages."

This year, Percy has developed a new package of five bills, topped by his "Offender Employment and Training Act," to enable prisoners to learn a marketable trade and earn prevailing wages while still in prison.

Two new bills, for federal and District of Columbia parolees, would insure them credit toward their sentences of time spent on parole.

"Street time" is not now credited if a parolee violates parole and is revoked, "even if the violation is technical and occurs in the final days or months of the sentence," Sen. Percy notes.

The other new bill would give back a convicted felon who has served his sentence his right to vote. The right to vote, or the franchise, is permanently surrendered under current law upon a felony conviction.

Percy reasons that re-enfranchising a felon who has served his time would "encourage him to resume the responsibilities as well as the right of full citizenship."

In addition to the private-industry-in-prison bill, Percy is back with his "Federal Criminal Justice System Reorganization Act" which would establish a Criminal Justice Services Administration within the Justice Department.

An administrator and a deputy would head the new unit, which

would be charged with "overall responsibility for the conduct and coordination of federal efforts in the area of criminal justice."

The bill also would establish an ombudsman office responsible for solving prisoner problems before they reach riot stage and create an 11-member National Criminal Justice Board, appointed by the President and confirmed by the Senate, to set federal standards and guidelines.

"They will not mean that tomorrow it will be safe to take a midnight stroll through the park," Percy says of his five reform bills. "But what we call our criminal justice system has failed miserably to improve our safety."

He said neither "soft-line coddling" nor "hard-line lock-em-up" approaches have worked, and he views his "concrete proposals" as "positive steps" to reorganize a chaotic system.

He said giving prisoners vocational opportunities should reduce recidivism, the high rate of recidivism that sends many ex-convicts back to prison.

The operative feature of his program, "work-your-way-out-of-prison," would revoke the prohibition on interstate sale of prison-made products, if several conditions are met.

A prisoner would have certain deductions from his or her paycheck, much like a worker outside prison walls. The prisoner would pay in deductions, the cost of his room and board in prison, taxes, Social Security and family support, plus up to 10 percent of his earnings into a fund to compensate victims of crime.

"Money left over would be held for the prisoner's release to assist him, along with the job skill he has learned, in regaining a foothold in society," Percy believes.

'Place to go' provided for teenagers to plan, hold activities

(One of a series on agencies of the Tri-Cities Area United Way.)

School bill doubled in last decade

Copley News Service

The yearly bill for education in America is now running at around \$85 billion. Allowing for inflation, that is double what it was a decade ago.

Private education takes up about 17 percent of the figure. The rest goes to public education at all levels, nearly two-thirds of it being at the elementary and secondary levels.

School financing was once left primarily to local school districts, the money coming mainly from property taxes. With the steadily rising costs of education and the increasing inability of local districts to meet them, however, state legislatures and the federal government were called upon to play a larger financing role.

In 1961 the federal government contributed 4.3 per cent, and state governments 38.7 per cent of school revenues. The rest came from local and other sources.

Today local sources still account for more than 50 per cent of school revenues, while federal and state contributions have increased to more than seven and 40 per cent respectively.

Non-revenue receipts include all monies received from loans, sales of bonds, sales of property purchased from capital funds, and insurance adjustments.

As a protest against soaring school costs, taxpayers have voted against many school-bond issues.

In San Diego, Calif., where

every bond issue has been turned down in the past six years, Thomas L. Goodrich, superintendent of the city school system, said, "People are mad about higher taxes and they're worried about many pressing issues that a school bond issue is the only place where they can express their displeasure with the way things are."

Dissatisfaction with current curricula and teaching methods, as well as the controversy over school busing, are cited as reasons for so many bond issues being defeated.

Said Dr. William Stegman, deputy superintendent with the San Diego Unified School District, "Many school systems don't have the resources to meet the growing demands on education because they can't get a bond issue passed. It's a problem we face in San Diego, and they're facing it in Los Angeles, Detroit and just about any other big city school system."

In the past 10 years all three levels of government have increased their contributions to public elementary and secondary schools. Federal revenue rose by more than 100 per cent, state revenues by \$11 billion and local revenues by \$13 billion.

Education accounts for over two-thirds of total state and local government spending. In terms of gross national product, the nation is now spending eight per cent annually on education—a greater proportion of the national income than formerly.

President Nixon's plans for re-orienting federal aid to education have met with considerable opposition from local school officials who fear they will get less money from Washington than they have been getting.

Under the plan, the Administration proposes to abolish virtually all present programs for aiding elementary and secondary education and to replace them with education revenue-sharing—money given to states and communities with only broad guidelines as to how it can be spent.

More than 30 special categorical programs financed directly by the federal government, such as the Head Start program, in their place the revenue-sharing program, divided into five broad categories of assistance, would channel the same amount of money from Washington to the states.

Total assistance would continue at \$2.8 billion a year, including \$1.5 billion for disadvantaged children and lesser amounts for vocational education, help for the handicapped, support services and compensation for the impact of large numbers of federal workers.

The aim is to have an increased concentration of federal aid where it is most needed—that is, in areas where poverty is concentrated or where federal institutions have created special burdens on local school systems.

Copley News Service

If Johnny drops out of high school...

He will earn \$100,000 less during his lifetime than if he'd graduated from high school, and \$300,000 less than if he'd graduated from college.

He is more likely to be involved in crime.

He is more likely to go on welfare.

His fellow dropouts will cost the nation \$3 billion a year in crime and another \$3 billion in welfare costs, and a total of \$37 billion in lost income over their lifetimes.

These are the conclusions of a 1972 report entitled "The Effects of Dropping Out," compiled by the Senate Select Committee on Equal Educational Opportunities. It paints the portrait of a dropout and describes his future—a future that is considerably bleaker than that of his fellows who get their diplomas.

"Inadequate education," said the committee, "is a barrier to economic progress and social mobility with reduced national income and government revenues as well as increased costs of crime and welfare."

Only 25 per cent of today's young men and women (ages 18 to 24) have not completed high school. And the percentage of dropouts is apparently falling every year.

Those who are still dropping out are the poor and the minorities (some 40 per cent of black males between the ages of 18 and 24 do not have a high school diploma).

For example, while 40 per cent of black females in the same age group do not have a diploma, only 10 per cent of white females do.

Those who drop out are more likely to become dropouts," said Dr. Gerald G. Bachman, senior study director of the Survey Research Center at the University of Michigan.

"But there is no evidence in our data to suggest that dropping out makes them more delinquent."

In fact, other studies (such as a 1970 report by Dr. Delbert Elliott of the University of Colorado) indicate that dropouts are likely to be far more delinquent just before dropping out, because of the frustrations of school work, and become less delinquent after they get away from academic pressures.

After Johnny drops out of school, according to the Senate report, he is going to find it hard to get a job. In one study, 71 per cent of all dropouts were found to have a job, compared to 87 per cent of all graduates. The pay that graduates and dropouts receive is nearly the same for the first few years—in fact the dropouts are slightly better off.

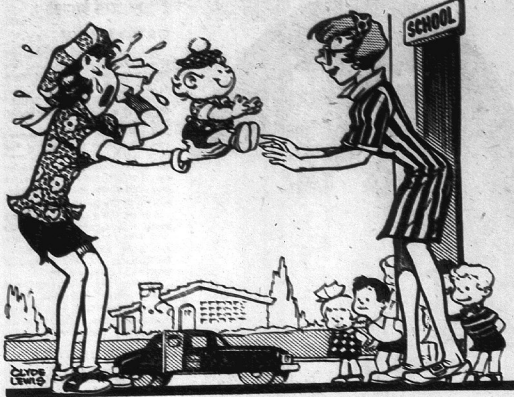

But then the graduate's income slowly increases above the dropout's, until the dropout is earning an average of \$1,000 a year more than a dropout.

Researchers say that the reasons why a boy or girl becomes a dropout can be found in the home.

If dad has a college or high school diploma, Johnny is less likely to drop out simply because he receives encouragement in the home. Besides, he has dad to look up to and imitate him.

Rich people, in other words, are likely to sire sons and daughters who will also do the things (such as getting an education and working hard) that will make them successful.

If Johnny is to be kept in school, the report indicates, then school must be made more attractive to him. And it will help if his parents care about keeping him in.

How to take the fear out of kindergarten

Copley News Service

The first day of kindergarten can be pretty frightening for a child if he or she isn't prepared for it.

Away from home, perhaps for the first time; taken to a huge building with many doors and unfamiliar faces, and then left in a room with strangers—all these things can make for an unsettling experience.

But there are things that parents can do to prepare their children for that first big day at school.

"These are tiny things that can be very important not only to the child but to the parent and the teacher," said Mrs. Grace Perkins, elementary school director for the San Diego Unified School District. "The more parents can prepare their children for school the easier it is for the teachers to do their job."

According to Mrs. Perkins, these are some of the things parents can do to prepare for that "first day":

— Give the child a positive attitude about school. Be enthusiastic and sincere about school because kids can tell

when parents aren't leveling with them.

— Overcome that fear of the unknown by telling the child about all the interesting things he'll be doing.

— Take the child to the school the semester before for a look around. Some schools have spring registration where parents can bring their children and let them meet their teachers and see their classrooms.

— At schools where there is no pre-registration the parent should go to the school with the child and meet the teacher. Walking the route from home to school and back a couple of times is also recommended.

— Be sure the child knows his full name, address and telephone number or this information is sewed to his clothing, especially jackets and sweaters.

— Be sure the child knows how to tie shoe laces.

— If the child is especially apprehensive about going to school, Mrs. Perkins recommends that the parent give the child something that the child associates with the school (a pin or lucky piece) to

carry with him.

— If the child is still apprehensive, Mrs. Perkins suggests the parent go with the child into the classroom and then quietly leave once the child is introduced and taking part in the activities.

— Don't give the child any money unless it is absolutely necessary. The parent should call the school and find out if the child will need money to buy milk or lunch.

— The parent should also stress to the child the importance of not talking to or accepting candy from strangers, during or after school.

— The child should also know the basic safety rules such as crossing the street in crosswalks, looking both ways and the meaning of the colors of traffic lights.

— If the parent is meeting the child after school, be sure the child knows exactly where to wait and that he's not to run across the street to meet the car.

— If the parents do their part the teachers can do theirs and make school an enjoyable as well as educational experience for the children," said Mrs. Perkins.

What if Johnny drops out?

EMPTY SCHOOLS

U.S. teachers see hard times ahead

Copley News Service

Something odd is happening in the nation's public schools. The children are disappearing.

Whereas a few years ago the nation was in the middle of a baby boom, and school officials could look confidently ahead to growing enrollments, more tax dollars and more teachers, the whole nation is now in the middle of the greatest decrease in the birth rate since the Great Depression. As a result more and more school districts are thinking about firing teachers and closing down school buildings.

"This is a great tragedy for our young people who are coming out of college as teachers and who won't be employed in any great numbers," said Dr. Wilson Riles, who as head of California's huge public school system has seen a sudden drop in the number of teachers needed in his state—down 1,000 in one year.

"After World War II," added Riles, "there were so many students that almost any warm body who could stand in front of a class was hired. But times have changed."

They have indeed. There were, for example, three million less four-year-olds in the United States in 1970 than there were in 1960.

Why have mothers stopped having babies? Two reasons, according to the experts: The pill, which gives parents the ability to plan when—and if—they will have children, and the movement toward zero population growth.

A Gallup Poll of 1967, for example, showed that 40 per cent of parents wanted four or more children.

By 1971 that had dropped to 32 per cent, while another survey showed that 80 per cent of the population sees nothing

wrong with a childless marriage.

As a result, the average family size in the United States dropped from 2.8 in 1970 to 2.78 in 1972. If the trend continues it will be 2.65 in 1980 and 2.59 in 1990.

The result is that teachers are finding it harder and harder to keep their jobs—and teachers fresh out of college are having an even harder time finding employment. In one school district, in fact, a teachers' union has gone to court in an effort to stop mass lay-offs.

And then there are the cases like Charlie X (not his real name), a bright young man with a Ph.D. in mathematics who has sent out 300 resumes around the country, trying to find a job. He is willing to work for as little as \$50 a month.

So far he hasn't had much luck, though he has high hopes of getting a job in Alaska.

The future isn't completely bleak as far as the teaching profession is concerned. Some experts expect the number of babies born to start increasing about 1980.

This is because the number of potential mothers—women aged 15 to 44—will increase 20 per cent by 1985 over 1960's. Many of these women will have been products of the baby boom of the 1950's.

"We believe that the schooling population will be climbing in 1980," said one education expert. "The problem is the next five years."

Another expert was less certain.

"One authority tells us the fall will push the population down, and the Department of the Census tells us that more potential mothers will cause the population to grow."

"It used to be so easy to plan for the future of a school district," added this expert with a sigh. "All you had to do was provide more buildings each year."

Year-round classes are gaining ground

Copley News Service

The year-round public elementary and high schools are catching on a year ago. Today it is a going concern in several hundred school districts across the nation and thousands more are considering classes 12 months a year.

Many districts have installed the year-round school program in some schools on an experimental basis—usually three years—to find out whether it saves money and space and whether students learn as well as they do under the conventional system of two semesters broken up by summer vacation and a shutdown of classrooms except for special summer courses.

While the 12-month school formula has disenchanted many students used to having nearly three months of summer leisure—or to time to earn money on part-time jobs—its economic, educational and even sociological possibilities have attracted many school superintendents and boards of education.

Of some 1,000 districts whose officials were studying the new approach to education a year ago, more than half now are using it on at least an experimental basis.

Two of the chief motives for year-round schools are money—or lack of it—and space. Few school bond issues aimed at financing new classroom construction have passed in the last few years because of a sort of unspoken taxpayers' revolt.

So if you can't build new facilities, the next best thing is to use what you have a fourth more by keeping

them open all year.

Studies to find out why opposition to school busing is stiffening in the last few years turned up the fact that the sight of school plants idled up to three months out of the year was a chief factor among taxpayers and businessmen.

The two most widely-used variations of the year-round school system are the "45-15" plan and the 12-week quarter program.

In the "45-15," students are divided into four groups, each of which attends school for nine-week periods followed by three-week vacations throughout the year.

The second approach, used mostly in high schools, involves four 12-week quarters, with students attending three or four terms on a staggered year-round basis.

Some communities, however, have rejected the year-round school idea, even though city officials warned there was no enough classroom space for students and that overcrowding was creating perilous fire hazards in cities where the proposal was turned down, officials usually blamed a lack of public information about its advantages.

But the 12-year schoolhouse has won in more places than it has lost. The parents seem to like it wherever the plan has been tried, perhaps because it keeps the youngsters off the streets and away from home during the long, hot summer. Moreover, summer jobs are rare at a minimum nowadays.

If it pleases parents and taxpayers, eventually the open-all-year school blueprint has to become a winner.

Election clerk fees, due 2 years, paid

Checks totaling \$25,613 have been mailed to 346 election clerks who served in a special election of two Madison County trustees of the East Side Levee and Sanitary District in 1971. The checks were mailed Friday by County Clerk Eulalia Hotz after the levee board voted to pay the two-year-old debt during a special meeting and forwarded the money to the county clerk's office. Miss Hotz said the payments to the election clerks included \$12,699 for their work in the special primary election held May, 4, 1971, and \$12,913 in fees for working the June 22, 1971, general election. The special elections were held on orders of former Gov. Richard B. Ogilvie after four members of the then-existing levee board were convicted of charges of misconduct in the

awarding of construction bids and ordered removed from office. The convictions were appealed and later overturned by the Supreme Court. As a result, three St. Clair County trustees and two Madison County trustees, elected during the special balloting, never took office. Election fees due clerks who worked in the St. Clair County election were paid early in 1972 when the treasurer's office deducted the money due from levee district taxes and paid off the bill. Clerks who served in the levee district portion of Madison County (in the Quad-City area) were not paid, however. Madison County obtained a circuit court judgment against the levee district earlier this year, resulting in the special levee board meeting and payment of the claims.

Theodore Kirchhoff dies

Theodore Kirchhoff, 71, of 2322 Edison Ave., died at 6:30 p.m. Friday at St. Elizabeth Hospital, where he had been a patient three weeks. A retired patternmaker at American Steel Foundries, Mr. Kirchhoff had been in ill health the past two years. He was born in Bellevue,

Ky., and resided in Granite City 22 years. He was a member of the Bellevue Evangelical Church of Christ. Mr. Kirchhoff is survived by his widow, Mrs. Jeanette Kirchhoff. Funeral services were held today. Details are given in the obituary column.

Mrs. Snider dies at hospital

Mrs. Bernice Snider, 74, of 4100 Breckenridge Lane, a longtime resident of the Pontoon Beach area, died at 1 p.m. Friday at St. Elizabeth Hospital. She had been hospitalized since Monday. Born in Jerseyville, Mrs.

Snider lived in the Alton-Jerseyville area prior to moving to Granite City. She was a member of the Pontoon Beach Church of Christ, World War I Veteran's Auxiliary, VFW Post 1300 Auxiliary and the Rebekah Lodge.

Charged with theft, traffic violations

Larry Matyas, 21, of 2023 Dewey Ave., was charged with theft, illegal transportation of liquor, driving without an operator's license and resisting or obstructing at 11:30 p.m. Thursday when halted by police at the 22nd Street railroad tracks. He pleaded innocent to the charges at 4 p.m. Friday and bond was set at \$225. He was released to Madison County Sheriff deputies early Saturday morning.

She is survived by her husband, Basil Snider; four sons, Kenneth, Eldon and Leslie Snider, all of Granite City, and Howard Snider of New Douglas, Ill.; and eight grandchildren. Funeral arrangements are given in the obituary column.

VACUUM CLEANER GONE
A canister-type vacuum cleaner, valued at \$225, was stolen from a garage at the home of John Krekovich, 3500 Wabash Ave., he reported at 6:15 p.m. Friday.

Discuss building plans

Tentative plans for construction of a new township building on a 10-acre tract about one mile north of Mitchell were discussed by the Chouteau Town Board at a meeting Friday night in which several residents indicated they will object to rezoning the tract to permit the construction.

Train hits car, driver injured

Timothy P. Wallace, 21, of 2117 Ames Ave., sustained injuries at 2:40 a.m. Friday when the auto he was driving struck the side of the fourth car of an Illinois Terminal Railroad train crossing Edwardsville Road. Police said Wallace was traveling south on Edwardsville Road when his 1968 auto hit the side of the eastbound train. Engineer Ralph Burrows, 36, of Millstadt, Ill., and Conductor V. D. Case, 50, of Fairview Heights, reported that warning lights were flashing at the crossing.

Wallace suffered a nose injury, broken teeth, abrasions to the scalp and cuts on the right hand. He had x-rays taken and was treated at St. Elizabeth Hospital and released.

A passenger in the Wallace auto, Ralph Burnett Jr., 21, of 2535 Benton St., also reportedly was injured in the crash, but refused medical treatment.

GC schools set meal policy

Granite City Community Unit School District 9 announced today a free meal policy for school children unable to pay the full price of meals served in schools under the National School Lunch program for the 1973-74 school year, according to Dale Rea, assistant to the superintendent.

Rea said, "There is one quite significant change in the guidelines this year. In previous years, Illinois law required recipients of public assistance automatically be given free lunch."

Guidelines this year do not permit automatic eligibility so applicants must qualify on the basis of reported income. Income guidelines are approximately 13 per cent higher than last year.

Illinois statutes require all public schools to provide free lunches to children from families whose income is at or below the established guidelines. Eligibility will be determined as follows: for a family of one - \$2,740 gross annual income; two - \$3,800; three - \$4,860; four - \$5,920; five - \$6,980; six - \$8,040; seven - \$9,100; eight - \$10,160; nine - \$11,220; ten - \$12,280; eleven - \$13,340; twelve - \$14,400, with each additional family member \$640.

Set dividend

National Steel Corp., at a meeting of its board of directors, declared a dividend of 62 1/2 cents per share for the third quarter of 1973. The dividend will be payable Sept. 14, 1973, to stockholders of record Aug. 30, 1973.

site hearing. The tract on which the building will be located is west of and on the curve of Route 203 about one mile north of Mitchell. Rezoning from industrial to P (public) classification is required. Town officials noted that the proposed structure will be designed primarily as a township garage, but will be planned to permit expansion later to include town hall facilities.

The board was notified that a suit for \$2,400 has been filed against the township by St. Elizabeth Hospital to recover hospital expenses for an indigent person who was found injured along railroad tracks near Mitchell several months ago.

Free meal policy announced

St. Mary's Parochial School of Madison has announced a free meal policy for school children unable to pay the full price of meals served in school under the National School Lunch Program.

Illinois statutes require all public schools to provide free lunches to children from families whose income is at or below the established guidelines. Local school officials have adopted the following family size-income criteria for use in determining eligibility.

Family of one, \$2,740; two, \$3,600; three, \$4,460; four, \$5,310; five, \$6,100; six, \$6,890; seven, \$7,600; eight, \$8,310; nine, \$8,980; ten, \$9,600; eleven, \$10,240; twelve, \$10,800; each additional family member \$640.

Children from families whose income is at or below those shown are eligible for meals free. In addition, families not meeting this criteria but with other unusual expenses due to unusually high medical expenses, shelter costs in excess of 20 per cent of income, special education expenses due to mental or physical condition of a child, and disaster or casualty losses are urged to apply.

They may do so by filling in

application forms sent home in a letter to parents. Additional copies are available at the principal's office in school. The information provided on the application will be confidential and will be used only for the purpose of determining eligibility. Applications may be submitted any time during the school year, officials said.

In certain cases foster children also are eligible for these benefits. If a family has such children living with them and wishes to apply for such meals for them, they may contact the school.

In the operation of child feeding programs, no child will be discriminated against because of his race, sex, color, or national origin, school administrators said.

Under the provision of the policy, Sister M. Bernadette, principal, will review applications and determine eligibility. If a parent is dissatisfied with the ruling of the official, he may make a request, either orally or in writing to Fr. Sylvester, O.F.M. A complete copy of the policy is on file in each school and in the office of St. Mary's Rectory where it may be reviewed by any interested party.

ROTARY GOVERNOR Kenneth L. Evers of District 646, a member of the Edwardsville club, paid an official visit last week to the Madison Rotary Club meeting in the Madison Recreation center. Reviewing activities of the club are, left to right, Rotarians Mike Sasyk, Governor Evers, Wade James, president of the Madison club, and Fred Schmidt, club secretary. Governor Evers will visit the Granite City Rotary Club Sept. 4.

2,000-foot TV tower planned

Construction will begin soon on a 2,000-foot television transmitting tower near La Belle, Mo., for KTVO, Channel 3, Kirksville, Mo.-Ottumwa, Iowa.

Approval of the project by the Federal Communications Commission and Federal Aviation Administration is expected before the end of 1973. The tower will be twice as tall as that now used by the station and 550 feet higher than the world's tallest building, the Sears Tower in downtown Chicago.

Growth of KTVO has necessitated construction of a new tower to better serve and expand the station's viewing area, Miss Alvina Britz, general manager, said. While the station will continue to principally serve the Kirksville and Ottumwa areas, it also will provide a Grade A signal to Quincy, Ill., Hannibal, Mo., and Keokuk, Iowa.

The station, in addition to its Ottumwa facilities, plans to establish a new studio in Kirksville. Total cost of the tower and studio facilities is estimated at about \$1 million.

On Nov. 21, KTVO will have served the Iowa-Missouri-Illinois heartland areas for 18 years. "We have come from a struggling new business in a new industry to a well equipped, well established, financially sound leader in midwest television operations," Miss Britz said.

The tower itself will incorporate latest design techniques, Gerald Dreger, KTVO chief engineer said. Ground elevation at the tower site is 720 feet above sea level. Total tower height above sea level will be 2,720 feet.

The triangular shaped tower will have 27 cable supports stretching a quarter mile out from each seven-foot-wide face, Dreger said. There will be nine cables at varying heights from the ground on each tower face.

Rather than the traditional orange and black paint scheme, the tower will be galvanized and incorporate high intensity strobe lighting for aircraft safety. Light intensity will vary for daylight, dusk and darkness. Construction is expected to be completed during 1974.

KTVO is a subsidiary of Post

Corporation of Appleton, Wis., which operates TV Stations in Green Bay and Eau Claire, Wis., and Marquette, Mich. It also owns four radio stations including KBIZ in Ottumwa. Post Corporation also operates the Granite City Press-Record.

COOLIDGE SWORN IN

On Aug. 3, 1923, Vice President Calvin Coolidge took the oath of office of president following the death of Warren G. Harding.

3 named to state air board

Gov. Dan Walker has completed appointments to the Pollution Control Board, naming Russell A. Odell, of Champaign, and Sidney M. Marder, of Peru, as members. Walker also named Jacob D. Dumelle, of Oak Park, as chairman of the board.

"Russ Odell and Sid Marder are tough, but fair and open-minded men who bring valuable industrial and agricultural experience to the Pollution Control Board."

"Russ is recognized across the United States as an authority on soil conservation and land use, both very important areas in the field of pollution control."

"The people in the LaSalle-Peru area can attest to Sid Marder's commitment to environmental quality as the person responsible for his company's half million dollar water treatment facility and new air pollution control program."

"I know these two men and Jake Dumelle will do the kind of work I want done to protect the people of Illinois from pollution."

Odell, a nationally known expert in the area of soil conservation, is a professor of agronomy at the University of Illinois College of Agriculture. He has done extensive research work in all areas of soil conservation and management, including a large number of planning studies into the effects of highway and airport construction on soil quality preservation.

He will serve a two-year term.

Marder is presently production superintendent for the Foster Grant Corp. plant in Peru, where he has total responsibility for plant operations, including pollution control. The plant manufactures poly-styrene resin.

Prior to being named superintendent, he was responsible for pollution control at the Peru plant, including sewage treatment operations and the establishment of an extensive air pollution control facility.

He will serve a three-year term.

Dumelle, a pollution control engineer for the past 10 years, was first appointed to the board

in 1970 by former Gov. Ogilvie.

He was reappointed to the board for a three-year term in June. The 47-year-old engineer was previously director of the Lake Michigan District of the U.S. Water Quality Administration. He also served as assistant chief engineer for the Chicago Metropolitan Sanitary District and as director of air resource management study for the Northeastern Illinois Planning Commission.

He is a member of the Illinois Society of Professional Engineers, the International City Managers Association, the Water Pollution Control Federation, and the Air Pollution Association.

Enforcement cuts benefits

Monthly food stamp benefits were reduced or terminated for 626 Illinois households during the period January-March, 1973, as a result of the enforcement of work registration requirements of the Federal Food Stamp Program.

According to A. S. Stauner, acting regional administrator of the U.S. department of Agriculture's Food and Nutrition Service in Chicago, this resulted in savings of more than \$35,000.

Under a 1971 amendment of the Food Stamp Act of 1964, all able-bodied members of a participating household aged 18-65 (with certain exceptions)

must register for and accept suitable employment.

Acceptance of employment resulted in reduced benefits for 57 households and termination of benefits for 270 households for savings of more than \$18,000. Failure to comply with the work registration requirement resulted in the removal of 299 households from rolls for savings of nearly \$17,000.

The savings reflect the value of bonus coupons which would have been issued Food Stamp Program participants had their benefits not been reduced or terminated. The bonus value of coupons represents USDA's contribution to the program.

Prenatal classes at hospital

The first session of the fall prenatal classes at St. Elizabeth Hospital will begin Tuesday, Sept. 4, at 7:30 p.m., and will be

held in the hospital's Wiesman Room. Both husbands and wives are invited to attend.

Subjects to be discussed include: Human Reproduction, Sept. 2; Prenatal Care, Sept. 11; Labor and Delivery, Sept. 18; Baths and Babies, Sept. 25, and Diet during Pregnancy, Oct. 2. The latter will include a tour of the maternity department. The instruction programs will include movies, visual aids and open discussion. Sister Mary Jerome will be the class instructor.

THESE ELEGANT TABLES HAVE LOTS OF SPACE FOR STORAGE

Romantic, deep-carved Spanish style tables make a decided difference in your living room. They'll 'pull together' your decor while showing it off to best advantage. Here, the smooth, dark, Spanish-oak finish is highlighted by the elegant gold velvet accent panels. The sturdy hardwoods plus the mar-resistant vinyl veneers are your assurance of lasting beauty. Cocktail table: 60x24x16"H, square commode: 25x25x20"H, hexagon commode: 24x27 1/2 x 20"H.
